

PLAN TO INSIST  
ON AMENDMENTS

Republican Senators Will Oppose Tariff Measure.

## PENROSE AND SMOOT TALK

Pennsylvania and Utah Senators Declare That Changes in Nearly Every Item Will Be Proposed and That Many Roll Calls Will Be Demanded by the Minority.

Washington, May 21.—Senator Penrose declared that Republican senators plan to insist on amendments to nearly every item in the Underwood tariff bill when it comes before the senate.

Senator Penrose told the senate he knew of no concerted effort to be made purposely to delay the passage of the bill, but said he was assured that the minority would offer many amendments to schedules offered by Democrats.

Senator Smoot also announced that the introduction of amendments will begin as soon as the bill comes from committee and that many roll calls will be demanded. If this plan is pursued systematically the journey of the bill through the senate is certain to be prolonged.

Senator Simmons has called the first meeting of the full membership of the finance committee to consider questions relating to the tariff.

The Penrose motion to have the names of manufacturers submitted for the benefit of the minority was brought to a focus when Senator Lippett proposed an amendment which would require immediate publication of all bills filed with the finance committee. Thereupon Senator Simmons moved the whole matter be referred to the finance committee and the motion was carried, 42 to 29.

## PROTEST SUNDY CIVIL BILL

Manufacturers Send Resolution to Wilson Denouncing Act.

Detroit, Mich., May 21.—Practically all of the sessions of the National Manufacturers' association were taken up with the discussion of labor organizations and the labor situation in general.

The discussion culminated in sending to President Wilson resolutions protesting against the sundry civil appropriation bill and urging the chief executive to veto it because of the provision against using its funds for the prosecution of labor organizations under the Sherman act.

A large part of the secretary's report was devoted to the so called "embargo placed on free labor" by promoters of the Panama-Pacific exposition at San Francisco.

## UNCLE SAM MAY MAKE ARMOR

Secretary Daniels Says There Is No Competition.

Washington, May 21.—Plans for manufacturing armor plate for American warships in plants owned and operated by the government are being considered by the navy department.

Secretary Daniels declared that there was no such thing as competition between private manufacturers and that a government factory seemed to be the only solution of the problem.

He added that he would not disturb contracts let just before the close of the Taft administration by Secretary Meyer, because no better bids could be expected than those already accepted.

## GUTHRIE GOES TO JAPAN

Senate Confirms Many Nominations by Wilson.

Washington, May 21.—In a two-hour executive session the senate confirmed the nominations of several score postmasters and other officials, including George W. Guthrie, as ambassador to Japan; John Purroy Mitchell as collector of the port of New York; G. M. Saltzgeber as commissioner of pensions and Albert Lee Thurman as solicitor of the department of commerce.

## CONVICTED OF MAIL MISUSE

Men Who Sought to Blackmail Woodrow Wilson Found Guilty.

Newark, N. J., May 21.—Seeley Davenport and Jacob Dunn, mountain woodchoppers of Wharton, N. J., were convicted by a federal grand jury of sending threatening letters to Woodrow Wilson while he was president elect.

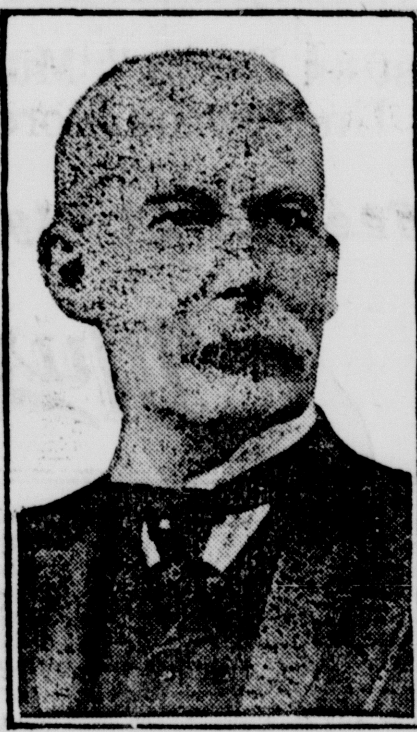

The communications mailed to Mr. Wilson were received by his secretary, Joseph P. Tumulty, in May and November of last year, and demanded \$6,000 under penalty of death.

## Important Posts Filled.

Washington, May 21.—It was announced semi-officially that Louis F. Post of Chicago had been selected as assistant secretary of the department of labor; Anthony J. Caminetti of San Francisco for commissioner general of immigration and John B. Denmore of Boston, Mass., for solicitor of the department of labor.

## HENRY M. FLAGLER.

Aged Railroad and Oil Magnate Dies in Florida.

## HENRY M. FLAGLER IS DEAD

Noted Rail and Oil Magnate Expires in Florida.

West Palm Beach, Fla., May 21.—Henry M. Flagler, aged eighty-three, capitalist and railroad magnate, died at his winter home here after an illness of several weeks. Mr. Flagler recently fell down a flight of steps in his home and, because of his advanced age, his recovery had not been anticipated.

The career of Henry Morrison Flagler, whose greatest achievement was the building of the Florida and East Coast railroad and its extension over the coral reefs to Key West, was as picturesque as it was meteoric. From behind the counter in a country store he became one of the rulers of Standard Oil, second only to John D. Rockefeller, and the chief financial figure in the state of Florida.

LARGE INCREASE IN  
RAILWAY WRECKS

Report Blames Faulty Equipment and Tracks.

Washington, May 21.—Defective railroad equipment and tracks were responsible for 68 per cent of all derailments in the United States during July, August and September, 1912, and during these three months there were 335 more train accidents, including 901 more collisions and derailments, than during the same months in 1911.

All train accidents on steam roads during that time killed 288 and injured 4,598, an increase of 87 in the killed and 315 in the injured during the corresponding period of the year before.

These facts are disclosed in the accident bulletin of the interstate commerce commission for the quarter ended Sept. 20, 1912.

Accidents of other kinds, including those sustained by employees while at work, not including "industrial accidents," make the number of casualties 2,995 killed and 22,447 injured, a total increase of 237 killed and 3,340 injured. The damage to equipment and railway by the accidents aggregated \$3,366,401, a large increase.

## RESULTS ON THE DIAMOND

Northern League.  
Winnipeg 14, Virginia 1.  
Grand Forks 16, Winona 4.

Standing of the Clubs—Minneapolis, 567; Superior, 619; Winona, 583; Duluth, 571; Grand Forks, 464; Winnipeg, 458; St. Paul, 417; Virginia, 227.

National League.  
Chicago 7, Boston 3.  
Philadelphia 5, Cincinnati 1.  
St. Louis 5, New York 6.  
Pittsburgh 4, Brooklyn 1.

Standing of the Clubs—Philadelphia, 720; Brooklyn, 655; New York, 536; Chicago, 500; St. Louis, 500; Boston, 407; Pittsburgh, 419; Cincinnati, 333.

American League.  
Detroit 8, Philadelphia 7.  
New York 6, St. Louis 3.  
Cleveland 10, Washington 9.

Standing of the Clubs—Philadelphia, 679; Cleveland, 363; Washington, 607; Chicago, 506; Boston, 419; St. Louis, 412; Detroit, 364; New York, 300.

Rouse Asks Penny Postage.

Washington, May 21.—One cent postage for letters after July 1, 1914, was proposed in a resolution by Representative Rouse of Kentucky.

## FIGHT ON HARRIS IS ENDED

Senators Agree to Arbitrate Confirmation of Georgian.

Washington, May 21.—Senators who were looking forward to a discussion of census taking were disappointed when the promised fight over the confirmation of W. J. Harris of Georgia as director of the census, succeeding E. Dana Durand, was submitted to arbitration and an agreement was made to vote upon it June 25.

TO LET SENATE  
HAVE LATITUDE

It May Amend Tariff Bill Without Opposition.

## CAN'T MAKE BIG CHANGES.

Chairman Underwood of the House Committee Says Upper Body Must Not Convert the Measure to Something "Un-Democratic"—President Will Watch Work.

By ARTHUR W. DUNN.

Washington, May 21.—[Special.]—The senate will be permitted considerable latitude in amending the tariff bill without provoking much opposition by those who drafted the measure. "The senate has a right to say as well as ourselves," said Chairman Underwood. "But if they undertake to make the bill un-democratic we will go to the country before we will submit. There may be changes which the senate will find necessary and which we will agree to when they are pointed out. There are some classifications that may need changing, but there will be no radical changes accepted by the house."

## Sugar and Wool.

Whether Underwood means that no duty shall be placed upon sugar and wool is not stated, but he, no doubt, will regard a tariff on those articles as "radical" changes from the bill as it passed the house. At least President Wilson so consider them, and there is no doubt that the majority of the Democrats in the house will agree with him.

"Those sugar and wool fellows may make us some trouble," remarked one of the shrewd Democratic members, "but there is an indication that they will go into a Democratic caucus and do a lot of talking, put up a very strong fight and finally consent to being tied up to a caucus decision in favor of free wool and free sugar as provided in the Underwood bill. Some of them are willing to be throttled in caucus."

That furnishes a way out. Let the caucus decide and the Democrats who represent wool and sugar states can stand with their party.

Naming the Committees.  
Democratic members of the house have been keeping in close touch with Chairman Underwood of the ways and means committee, particularly those who have no assurance of good committee assignments. They also interview Champ Clark, for the speaker is not without influence, although he does not name the committees.

All the big chairmanships have been provided for, as well as the best places on the most important committees. These go by rank and promotion. The pressure for positions comes from the new members, who want something better than a nonworking committee.

"They won't be satisfied with a toothpick," said Congressman Shackelford of Missouri. "They don't want to be handed a toothpick and told to go into the cloakrooms and pick their teeth and come out and vote when the roll is called."

## A Tariff Uncertainty.

Those Democratic senators who are against free wool and free sugar have an uncertainty to meet in the attitude of several Republican and Progressive senators. There are several of these who think that the products in their states have been so hard hit in the Underwood bill that they will not help the sugar and wool men unless they get something in return.

And so the Democrats who are standing out may find that after they have counted noses on their side and can change the schedules with all the Republican and Progressive votes they will be unable to secure all those votes in favor of a duty on wool and sugar.

## Would Improve the House.

Quite a number of women were looking over the house one day after adjournment. After looking at them a moment Congressman Fitzgerald of New York remarked: "I don't know but what it would improve the looks of the house if twenty-five or thirty good looking women would come here as members. It might create some rivalry if there was a selection of seats."

## Chandler Rings the Bell.

Congressman Chandler, Progressive, of New York city made a hit the first day of the session by the sense of humor he displayed. When he made his tariff speech he scored again for the very same reason.

"I know little about the tariff," he began; "but, strange to say, though a modest and retiring man, I have suffered no embarrassment whatever from any private conversation on the subject I have had with other members. My excuse for speaking at all upon the tariff is the justification of Colonel Ingersoll for discussing immortality of the soul. He said that where nobody knew everybody had a right to guess."

"Now, after listening to tariff discussions for weeks, I have some very positive convictions, with few reservations. I know perfectly well the Democrats are wrong, and at times I have serious doubts about the Progressives."

With such a start as that Chandler had the attention of the house, and with bits of humor and earnest voice he made a good impression.

## Congressional Library.

The library of congress at Washington is the third largest collection of books in the world.

## CAPTAIN BARTLETT.

Sailing Master of the Steffansson Arctic Expedition.

## AGAIN HEARS CALL OF NORTH

Captain Bob Bartlett Sailing Master for Steffansson.

New York, May 21.—Captain Robert Bartlett, who was master of the Roosevelt, in which Rear Admiral Peary made his polar expedition, has been chosen as sailing master of the Vilhjalmur Stefansson Arctic expedition, about to start for the North pole.

Friends of Captain Bartlett, who is a veteran of the frozen North, remind him that he would be away at least five years and likely a great deal longer, but he said he heard the call of the ice again and would recognize it.

WILD RIOT OUTSIDE  
CATHOLIC CHURCH

Ten Thousand Chicago Persons Try to See Wedding.

Chicago, May 21.—Dr. Frank Lagorio, son of the head of the Pastoral institute in this city, and Miss Ella Triner were married despite riots which prevailed for a block or more around St. Procopius Catholic church and in the face of a \$20,000 breach of promise suit filed two days ago by Miss Emily Huggins, who claimed Dr. Lagorio had led her to believe she was to be his wife.

In one of Miss Huggins' interviews she announced she would prevent the wedding at all costs, even to the point of abducting Dr. Lagorio, but later announced she would remain at home.

The widespread notoriety attaching to the wedding, however, brought out a crowd of more than 10,000 persons, impelled by curiosity and the thought that perhaps some coup might be executed.

After Dr. Lagorio, Miss Triner, her father, brother and sister arrived at the church, the crowd made a great rush to get near the temporary canvas porte cochere extending from the street to the church door and the police found themselves unable to cope with the situation.

With the arrival of all the reserves in the district Lieutenant O'Brien, waving his revolver in the face of the mob, cleared a path so that the bridal party could enter the church.

Immediately, however, the entrance and the street in front of the church was blocked and many of the guests were unable to force their way through. Partisans of Misses Triner and Huggins engaged in fistfights freely and many women and children, caught in the crush, were roughly handled.

## LYNCHING BEE ATTEMPTED

Mob Closes on Negro Identified by Woman Victim.

Hiawatha, Kan., May 21.—A mob of 200 persons from Falls City, Neb., made a threatening demonstration at the local jail, where William Bellow, a negro charged with attacking Mrs. Anna Keller of Falls City, is a prisoner.

After the crowd had promised that the negro would not be harmed he was taken to the jail steps that Mrs. Keller might see him.

When she identified him as her assailant the crowd closed in around the jail entrance, but the sheriff and deputies drew pistols and held the mob at bay.

## Flattery.

She (angrily)—Here's some fool man, saying that all women are naturally dishonest.

He—Well, dearie, aren't you always stealing our hearts?—Baltimore American.

## FROM HESPER TO MELVILLE

Northern Pacific Planning to Build New Branch in Montana.

Butte, Mont., May 21.—The Northern Pacific will construct a line from Hesper, Mont., on the Billings and Northern road, to Melville, north of Livingston, in Eastern Montana, according to an announcement made by Northern Pacific officials. The construction will involve about 100 miles. The proposed line will tap one of the richest agricultural districts in Eastern Montana and make accessible to railroad facilities more than 300,000 acres of farming ground.

ARMAMENT BILL  
CAUSES STRIFE

## RACE TAKES PLACE IN 1914

New York Yacht Club Accepts Lipton's Challenge.

London, May 21.—The New York Yacht club cabled to the Royal Ulster Yacht club definitely accepting Sir Thomas Lipton's challenge for the America's cup.

The races will take place in September, 1914, under the New York Yacht club's present rules as to measurement, time allowance and racing rules.

Sir Thomas considers that the conditions of acceptance of his challenge by the New York Yacht club are a great victory for him. He says they will enable him to build a good, seaworthy boat.

## DIES FROM WHITE PLAGUE

Doctor Who Married His Nurse Leaves Estate to Her.

Marquette, Wis., May 21.—Dr. James S. Atkinson, the Northern Wisconsin veterinarian and hero of a score of rescues from runaway horses, who, after failing to get the Friedmann treatment for tuberculosis, married his nurse, Florence Beau, is dead. He left a large estate to her.

Dr. Atkinson was among the first to reach New York and apply for treatment by the turtle serum, but he was not granted a hearing.

He was then in an advanced stage of the disease. He returned and married Miss Beau, who had been nursing him for months, so that, as his wife, he might make an uncontested bequest of his property to her.

## AWAIT NEXT MOVE BY TOKIO

State Department Officials Drop Land Law Temporarily.

Washington, May 21.—Interest in negotiations between the United States and Japan over the California land legislation has shifted from Washington to Tokio. The American government, having delivered its reply to the Japanese protest, is awaiting the next step of Japan. The situation was not even mentioned at the cabinet meeting.

## Matthew White, Sr., Fire Victim.

Monterey, Mass., May 21.—Matthew White of New York city, a retired malt manufacturer and father of Matthew White, Jr., the writer, lost his life in a fire that destroyed the summer home of the family here.

## TRUST LET DOWN EASY.

Louisville, May 21.—Peremptory instructions relieved the American Tobacco company in federal court here of charges that it had received rebates from the Louisville, Henderson and St. Louis railway on interstate shipments of tobacco.

## GRAIN AND PROVISION PRICES

St. Paul Hay.

St. Paul, May 21.—Hay—Choice timothy, \$17.50; No. 1 timothy, \$16.00; 16.75; No. 1 clover mixed, \$14.00; 14.75; No. 1 mixed, \$13.00; 13.75; choice upland, \$13.25; 14.00; No. 1 upland, \$13.25; 14.00; No. 1 alfalfa, \$15.00; 15.75.

South St. Paul Live Stock.

South St. Paul, May 21.—Cattle—Steers, \$6.20; 6.25; cows and heifers, \$4.50; 7.25; calves, \$5.00; 8.50; feeders, \$4.30; 7.75. Hogs—\$8.15; 8.45. Sheep—Shorn lambs, \$4.50; 6.25; shorn wethers, \$4.50; 6.25; shorn ewes, \$2.25; 6.00.

Duluth Wheat and Flax.

Duluth, May 21.—Wheat—On track and to arrive, No. 1 hard, 81½¢; No. 1 Northern, 80½¢; No. 2 Northern, 87½¢; 88½¢; May, 89¢; July, 90½¢; 90½¢; Sept., 90½¢; 91½¢. Flax—On track and to arrive, \$1.32; May, \$1.32½; July, \$1.33½; Sept., \$1.35½.

Chicago Grain and Provisions.

Chicago, May 21.—Wheat—May, 90½¢; July, 88½¢; Sept., 88½¢. Corn—May, 56½¢; July, 56¢; Sept., 57½¢; 57½¢. Oats—May, 37½¢; July, 36½¢; Sept., 35½¢; 36¢. Pork—May, \$19.90; July, \$19.80. Butter—Creameries, 27¢; 28½¢. Eggs—17¢. Poultry—Chickens and springs, 16¢.

Sheep—Native, \$5.50; 6.15; Western, \$5.50; 6.15; yearlings, \$6.00; 6.75; lambs, \$6.60; 7.60.

Minneapolis Grain.

Minneapolis, May 21.—Wheat—May, 88½¢; July, 89½¢; Sept. 90¢. Cash close on track: No. 1 hard, 91½¢; No. 1 Northern, 90½¢; 91½¢; to arrive, 89½¢; No. 2 Northern, 88½¢; 89½¢; No. 3 Northern, 86½¢; 87½¢; No. 3 yellow corn, 60¢; 61¢; No. 4 corn, 58¢; 59½¢; No. 3 white oats, 35¢; 35½¢; to arrive, 35¢; No. 3 oats, 32¢; 33½¢; barley, 45¢; 60¢; flax, \$1.32; to arrive, \$1.32½.

## Dissolution of German Parliament Is Probable.

## TWO PARTIES JOIN FORCES

Centrists and Socialists Combine to Cut Appropriations and Reduce Number of Commissioned and Noncommissioned Officers Asked For, Thus Making a Majority Against the Government Very Likely.

Berlin, May 21.—Possibility of dissolution is hanging over the German imperial parliament owing to the disposition of the Centrists and the Socialists to cut appropriations in the new armaments bill. The seriousness of the situation is pointed out in the Lokal Anzeiger.

A correspondent of the paper asserts that during discussions of the budget committee in April, when Centrists and Socialists were vigorously slashing the bill, Imperial Chancellor von Bethmann-Hollweg sent word to them that parliament would be dissolved if they persisted in their course.

At the resumption of discussions in committee the Centrists proposed to diminish by 1,008 the list of 1,533 additional army lieutenants demanded and by 1,044 the list of additional non-commissioned officers, as well as a number of other officers.

Members of the Socialist party naturally supported these proposals, thus making a majority against the government extremely probable.

## WEBB LAW SCOPE IS BROAD

Court Holds Delivery Constitutes Sale and Fines Driver.

Kansas City, May 21.—A fine of \$4,000, with a sentence of 240 days in jail, one of the heaviest penalties ever imposed in a local court, was the judgment pronounced in the municipal court, Kansas City, Kan., on H. A. Hawyer, a driver for the Kansas City Breweries company.

Hawyer was arrested two weeks ago when the police seized beer wagons making deliveries in Kansas City, Kan. The Kansas authorities made the arrest to test the police powers under the federal Webb law.

The point raised was whether delivery of beer in Kansas City, Kan., constituted a sale in that state.

Hawyer's case was appealed and he was released under a bond of \$8,000.

## TRIAL BEGINS NEXT MONDAY

Colonel Roosevelt Suing Michigan Editor for Libel.

Marquette, Mich., May 21.—The libel action of Colonel Theodore Roosevelt against George A. Newett, editor of an Ishpeming newspaper, for \$10,000 damages, is scheduled to be heard Monday.

The cause of the action was a statement published by Newett in his paper that "L. (Roosevelt) curses, lies and gets drunk frequently, and all his friends know this."

Judge R. C. Flannigan will be on the bench. A special venire of fifty taleymen has been drawn. Many men of national note will be witnesses.

## THANKS JUDGE FOR TERM

Wealthy Young Milwaukee Man Sentenced for Forgery.

Milwaukee, May 21.—"Thank you, judge," was the only remark made by Henry C. Bombard, Jr., the twenty-seven-year-old son of Henry C. Bombard, a wealthy stove manufacturer, when sentenced to two years in state's prison by Judge A. C. Backus in municipal court.

Bombard was found guilty of forging checks, but stoutly refused to testify or even say a single word during his trial.

His father refused to aid the accused or attend the trial.

## ASK \$400,000,000 INDEMNITY

Balkan States Name Figure as Compensation for Loss in War.

Paris, May 21.—The Bulgarian minister of finance, T. Theodoroff, who is to represent Bulgaria at the financial conference in Paris in connection with the Balkan settlement, said that the Balkan states would ask for a war indemnity of 2,000,000,000 francs, (\$400,000,000) of which Bulgaria's share would be 1,000,000,000 francs.

Precedents, he said, support the Balkan demand.

## STORM DOES HEAVY DAMAGE

One Man and Many Head of Live Stock Killed.

Bloomington, Ill., May 21.—Central Illinois was swept by a heavy rain and electrical storm, breaking a drought which was becoming serious. At Green Valley James Dennis was killed by lightning. He was coming in from the field driving four horses when struck. The horses were also killed.

Reports from various parts of the state tell of barns being struck by lightning and much live stock killed.

Order your wall paper early from D. M. Clark & Co.—Adv. 249tf

A. K. Lukens, the Red Front grocer, went to Barrows today to buy a couple of tons of hay for his team of spanking mules. He says he can get more work out of his mules by feeding them Barrows hay than by any other kind of feed.

For ice cream phone Turner Bros.—Adv. 247

The basket and ice cream sociable given at the parsonage of the Zion Evangelical church in East Brainerd was a complete success from every standpoint, the receipts being \$35. The inclement weather did not seem to interfere with the enthusiasm or the attendance.

This morning the park board received for installation at Gregory park a merry-go-round for the children. It will seat 12 and is propelled by their own efforts, operating on the principle of a child's tricycle. Many grown-ups wished they were "kids" again when they saw the contrivance which means so much for the children in promoting happy, healthy play.

Muresco Sanitary Wall finish is sold only by D. M. Clark & Co.—Adv. 249tf

The ladies May campaign committee for Brainerd Homestead, No. 602, of the Brotherhood of American Yeomen, are preparing for a big class adoption to take place early in June. On Friday evening, May 23, there will be a regular meeting of the homestead followed by a social. All members are requested to attend this meeting and friends are invited to the social. There will be good music, dancing and refreshments.

Awnings put up by D. M. Clark & Co.—Adv. 241tf

I. W. Smith, owner of the West Park and Smith additions near Iron-ton, was a Brainerd visitor today, coming to this city on the Iron-ton "Merry Widow" train. Mr. Smith says the train is very convenient to the Iron-ton people as it gives them an opportunity to transact their business in Brainerd, enjoy a lunch and have plenty of time in the afternoon for other matters and to catch the 2:30 train for Deerwood. He looked after tax matters at the court house.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co.—Adv.

John A. Cochran went fishing this afternoon and before going he called on all his newspaper friends, and there are quite a few because John knows them all, and he asked each what kind of fish he liked. The fourth estate of Brainerd, and there are three papers who throbb the intelligence of this busy section of central Minnesota on the consciousness of its inhabitants, are waiting with great expectations the return of their friend from the fishing waters along the Minnesota & International rail-

way. In the words of the immortal Longfellow or whatever bard wrote about the ship of state sailing away, "Sail on, oh! John! Our fears, our hopes for fish are all with thee."

Miss O. M. Hansyn, stenographer of Jay Henry Long, is the heroine of a fish story. Last evening she was casting her line in the placid waters near the pumping station. Suddenly the cork bobbed out of sight as though a whale had attached itself. She held to the pole with might and main. The fish tugged and the pole broke into three pieces. Not losing her presence of mind or the fish either she gathered the loop of the line, as the fish stopped his struggles and took a breathing spell and threw a half hitch around a stump. Then she hauled in the line and gradually pulled to shore a monstrous pike two feet long and weighing over 18 pounds. A panoramic view will be taken of the fish, such size photograph being necessary as the ordinary photo would be unable to picture the whole fish.

The spring months often find a woman tired out, with pain in back, hips and head, nervous and sleepless. Foley Kidney Pills will quickly prove their worth and value as a healer of all kidney and bladder ailments and irregularities. They are a splendid remedy for rheumatism, clearing the uric acid from the joints and system. Try them. H. P. Dunn, druggist.—Adv. mwf

## PENTECOST NOT GREAT JUBILEE

Still Greater Blessings Are Coming, Says Pastor Russell.

What the Day of Pentecost Signified. It Was but a Foretaste of a Greater One to Come—Why It Came When It Did—Why the Greater Blessing Will Come and When—Are There Signs That It Is Near?—Times of Refreshing—Times of Restitution—"I Will Pour Out My Spirit Upon All Flesh."

Boston, Mass., May 11.—Pastor Russell gave today under the auspices of the International Bible Students Association, a report of these, from the text: "Upon the servants and upon the handmaids in those days will I pour out My Spirit upon all flesh."—Joel 2:28, 29.

The Pastor called attention to the fact that he had transposed the parts of this text, to make their true meaning more apparent. He declared that the Prophet unquestionably taught two outpourings of the Holy Spirit, only one of which had yet come—that upon God's faithful servants and handmaids. The second is to be upon all flesh. Prior to Pentecost, the Pastor said, no one except Jesus had received spirit-begetting—the Holy Spirit of sonship. God had held all humanity at a distance from Himself, declaring that He could not accept them as sons until their sins had been atoned for. This condition of alienation from God had continued for more than four thousand years before Jesus came. Adam was called a son of God, but after him no one was so styled until Jesus.

After Jesus had received the Holy Spirit at baptism, He spoke of Himself as the Son of God. Of His disciples we read, "The Holy Spirit was not yet given; because that Jesus was not yet glorified." (John 7:39.) Before leaving them, Jesus admonished them to tarry at Jerusalem until endued with power from on High.

When Pentecost Was Fully Come. For ten days the disciples tarried, praying in the upper room, and wait-

ing for the promised demonstration of Divine acceptance. This would indicate that Jesus had appeared in the presence of God, and that the Father had accepted Jesus' sacrifice as a satisfaction for their sins, and by the begetting of the Holy Spirit recognized them as sons. The sonship to which Jesus and the Church have been begotten during this Gospel Age is to the Divine nature, as St. Peter explains—2 Peter 1:4.

The Pentecostal blessing, therefore, was a double attestation. It proved that Jesus as the great Redeemer had accomplished the work which the Father gave Him to do. It also proved that those who had received the Spirit were accepted as sons of God, original sin having been cancelled through the merit of Christ's sacrifice. And although the miraculous manifestations of God's favor have not been repeated during this Age, yet we know that all of the same class are sharers, participants in the same blessing—the same acceptance of the Father. "The God and Father of our Lord Jesus Christ, which according to His abundant Mercy hath begotten us again."—1 Peter 1:3.

Our faith has its sure footing in that original Pentecostal manifestation. Because the Church is one Body, although composed of many members, no repetition of Pentecost has been necessary. As soon as we by consecration come into the one Body, we are sharers in all blessings belonging to that Body, the start of which came on the memorable Pentecost Day. On this basis, the gathering of the Church has progressed for nearly nineteen hundred years. Soon, we believe, it will be completed. The last member having proved faithful and passed beyond the veil, the Body thenceforth will be complete in glory—unto the Head.

The Greater Jubilee. To the Church, Pentecost represents liberation from the thralldom of sin and death, as well as introduction into the family of God. This signifies the beginning of all the blessings which the people of God have known. These are expressed in various spiritual terms as the fruits of the Spirit, fellowship with God and our Lord.

The Pastor explained that those wonderful blessings are not complete. The resurrection change from imperfection in the flesh to perfection on the spirit plane will be the consummation of the Church's hopes. Although near, this has not yet been attained.

God purposely deferred the secondary outpouring of His Holy Spirit—that upon the world—"all flesh," until the establishment of His Kingdom. That will be a great Jubilee. In Israel's experiences, every fiftieth year was a Jubilee. Every Israelite was set free from bondage and from debts of every kind, and had a fresh start. God thus pictured how during Messiah's glorious reign as Mediator of the New Covenant, God will, on account of Jesus' sacrifice, cancel the sins of the whole world, and grant a release from all weaknesses, and assistance back to the fullness of Divine favor. What a Jubilee that will be!

A Story of St. Paul's. A singular fact in the history of St. Paul's cathedral, London, is that the first stone which the architect ordered the masons to bring from the rubbish of the former cathedral, destroyed by fire, was part of a sarcophagus, on which had been inscribed the single word "Resurgam" ("I shall rise again"). The prophecy was fulfilled, for out of the ruins of old a veritable poem in marble has arisen.

His Umbrella Scheme. "An umbrella with a gold handle studded with diamonds!" exclaimed the admiring friend.

"Yes," replied the man with a fierce look in his eye. "If somebody picks this one up it's going to be a charge of grand larceny."—Washington Star.

Domestic Ethics. A man should be ashamed of himself when he tells a falsehood to his wife and she believes it. But he isn't ashamed; he is encouraged.—New York Journal.

A man may outwit another, but not all the others.—La Rochefoucauld.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quine Tablets. Druggists refund money if it fails to cure. E. W. GROVES' signature is on each box. 25c.

A slight cold in a child or a grown person holds possibilities of a grave nature. Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep seated cough, and heals inflamed membranes. H. P. Dunn, druggist.—Adv. mwf

## UNIVERSITY WEEK PROGRAM IN DETAIL

Scientific Demonstrations, Lectures  
of Interest in Social and Civic  
Welfare

### DEBATES TO BE A FEATURE

"Resolved That Socialism is Prefer-  
able to Present Order" May  
be Taken Up

So many inquiries have been made concerning the program for University Week since it was published in the Dispatch, that the committee in charge of the arrangements feels that a more detailed description of the various numbers would be appreciated by the public.

University Week is the result of an effort upon the part of President Vincent and others interested in the welfare of the state university, to make the university of more service to the people of the state, to develop a deeper interest in the university and its work among the people in the state, and to furnish as large a number as possible entertainment and instruction of practical value along social and economic lines.

Those who attended the sessions last year can testify to the excellent character of the program, and the program proposed for this year is more instructive, more entertaining and better in every way than the one given a year ago.

University Week will be held during the week of June 9-14. Scientific demonstrations, lectures on subjects of interest to those who are working for social and civic welfare, discussions of topics of vital concern to parents and others interested in problems of the home, musical entertainments and readings, will be given during the afternoons by men and women who are experts along these lines. These sessions will be held in the rooms of the Commercial club.

The special features will be given in the evenings, the opera house having been secured for this purpose.

The Dramatic club and the Glee club did such successful work last year that all will want to hear them. Both clubs are on the program again this year.

An unusually attractive feature on this year's program, and one that offers a fine opportunity for Brainerd to prove her worth, is the debate. Our university has a champion debating team which won the championship of the conference, beating Chicago, Illinois, Wisconsin, Iowa, Nebraska and other schools. We are all interested in debating. It has been introduced in our grade schools and "the children cry for it." Our high school has had a debating team of championship caliber for two years, and we are proud of the way in which the team beat the representatives of Crookston.

The prize debaters of the university are to be in Brainerd during University Week, and this is what they plan to do.

They are prepared to take either side of the following questions: 1. "Resolved: That the women of the United States should be given the ballot" and 2. "Resolved: That Socialism is preferable to the present order." They offer to debate either one of these questions among themselves, or, and this is what they would much prefer, to debate either side of one of the above questions against a local team.

So many people in Brainerd are discussing the second of these questions that it should be easy to stage a lively and very instructive debate, and one that would appeal to a large number. Supt. W. C. Cobb, who is chairman of the committee in charge of University Week, would appreciate it if those interested in either of the foregoing questions would confer with him in regard to selecting a team to represent Brainerd against the best that the western universities have to offer. This should be done at once, for the time is short and we want our team to be well prepared in order that it may make a creditable showing against the "champions."

We hope the people of Brainerd will take hold of this, and help to make the debate an event to be long

remembered. It offers the chance for us to take a prominent part in the program and we want to do it well—better than any other place in the state.

### SHOP MAN PASSED AWAY

John J. Anderson, for Many Years  
Resident of Brainerd, Died  
Last Night

John J. Anderson, of 911 11th street Southeast, for many years a resident of Brainerd, passed away at a local hospital last night. He had been employed as a carpenter at the car shops and had been sick for some time. He had been operated on with a view to relieve his malady.

Mr. Anderson was a devoted member of the Swedish Mission church, taking much interest in the work of the church. He leaves a wife and four children, being one son and three girls. The funeral arrangements have not been announced, but the ceremonies are expected to be held on Friday.

### BASEBALL NOTES

Schedule Being Outlined for Games  
This Month and for Next  
Month

The Brainerd baseball club is working energetically to map out a schedule of playing dates and for May 30, 31 and June 1 expects to play a series of games with Cloquet. This town to the east of Brainerd has a reputation for having one of the best teams in their section of the country.

On June 8 Brainerd expects to play Staples here. On June 21 Deerwood will be played at Deerwood and on June 22 Crosby at Crosby.

Pitcher Cook has been in communication with Frank Larson, also known as our old friend Murphy, and he may leave the Grand Forks Northern Minnesota league and return to St. Paul and play again with Brainerd.

The trouble at the present time is that Brainerd is really short of men on its playing roster. More material is needed.

### CHARMING LAKE RESORT

Hotel Emily on Lake Emily is a Mecca for Those Who Desire Fishing and Recreation

Hotel Emily is charmingly located on Lake Emily about 26 miles from Pine River, Jenkins and Pequot and about 35 miles north of Brainerd. The roads are in good condition and it is a pleasure to run an auto over the broad sweeps of country. G. F. Rhodes is the proprietor of the hotel and his wife is famed as a good cook.

In addition to being a summer resort, this location is also the center of a newly developing mining region. R. J. Whiteside, of Duluth, has two drills near by exploring the land and another drill was added by other parties this week.

The hotel maintains an auto livery and when notified meets guests at Pine River, Jenkins or Pequot, stations on the M. & I. railway. If you wish to get close to Mother Nature, then Lake Emily is the place.

### PINE KNOLL

Oscar Hanson called at Terry's on Monday.

Father Tarbariaux of Aitkin, was a visitor at the Frantz home Wednesday.

James Terry made a brief visit at the Warriner home one day last week.

Mrs. J. S. Welton spent a few days in Aitkin last week.

Oscar Harrison purchased a fine driving horse last week and has now a nice team. All the girls are saying, "Gee, I wish he was single."

Frank Kelm and Mrs. Stike transacted business in Aitkin Friday.

Wm. Cline, of Blind Lake, was seen on the streets of Pine Knoll Wednesday.

Bert Rhodes called on Kelm's one day last week.

Earl and Webster Welton and James Terry attended the masquerade at Joe Harrison's Saturday night. They reported a fine time.

KIDDO.

## DAYTON WANTS NEW CHARTER

Commission Form of Government  
Wanted by the Ohio  
City

### NECESSITY MADE THE DEMAND

This Popular Form of Government  
Was First Tried in Flooded City  
of Galveston, Texas

The following news item shows better than any other evidence the grip the commission form of government is getting upon the cities of the country. The city of Dayton wants to discard its present form of government and adopt something more practical for the reconstruction. The commission form was first inaugurated when Galveston, Texas was flooded and wanted a business management for reconstruction. The item is as follows:

"At a special election here today a charter commission was elected to write a new city charter calling for a commission form of government. The 15 men chosen to write the charter were nominated by a non partisan citizens' committee. They were opposed by 15 democrats.

Twenty thousand votes were cast, nearly as many as were polled at the presidential election last fall."

### PROGRAM AT CHURCH

Willing Helpers Society to be Entertained by the Misses Palm and Edna Torkelson

The Willing Helpers society of the Swedish Baptist church will be entertained this Wednesday evening at the Swedish Baptist church by the Misses Hildur Palm and Edna Torkelson. The program follows:

1. Bible reading and prayer by Rev. Karl Lundin.
2. Duet by Miss Anna Mikkelsen and Miss Georgia Sherlund.
3. Recitation by Mrs. A. F. Sorenson.
4. Reading by Alger Thon.
5. Duet by Mrs. Karl Lundin and Miss Eva Torkelson.
6. Address by Rev. Karl Lundin.

### STATE AND LOCAL NEWS ITEMS

Gleaned From Our Bright Exchanges and Boiled Down for the Benefit of Dispatch Readers

The Litchfield flour mill burned with a loss of \$18,000.

Park Rapids wants the new normal school located in that village.

The plans for Moorhead's new public building have been received by Postmaster Meeker.

The old settlers of Stearns county will meet in annual session at St. Cloud on June 3d.

Walkerites want a road that can be used to and from the county seat to other parts of the county.

The Modern Woodmen of the first district in session at Rochester voted to secede from the parent order.

The Crookston council refused to grant cigarette licenses to its dealers. Evidently they do not need the money.

Paul Zaro, a traveling salesman for a Chicago tolling firm, suicided by shooting at the Adams hospital, at Hibbing.

Over a million pounds of parcel post packages have passed through the Minneapolis postoffice in two months.

Covering a period of 23 years the fire losses in St. Cloud have been \$643,608 according to a report by local fire marshal.

On August 1 Beltrami county will receive \$4,000 from the state to reimburse the treasury for funds expended in the trial of Dr. Dumas.

Pike fry has been in such great demand that the supposed plentiful supply is liable to be exhausted before the state fish hatchery gets all round with its orders.

An Indian policeman from the Net Lake reservation painted Virginia a brilliant red and landed in the city castle just as he was putting on the fishing touches.

Sauk Center's water supply is not satisfactory, especially as to quality, and an effort will be made to improve it by digging wells with a view of utilizing the water that will filter through from Sauk lake.

A fake solicitor for the Curtis Publishing company is in this section of the country and the authorities have been notified. Before you transact any business with a clubbing agent see that he has the proper credentials.

Negro labor has been introduced on the Mesaba range by the Great Northern railroad at Kelly lane and the white laborers are said to be ready to go out on a strike as soon as the negroes are put to work. It is rumored that the stripping contractors will shortly bring between 500 and 1,000 negroes from the south to work in the mines in the Hibbing district.

The man who operates the tower at Sherwood directing traffic on the D. M. & N. railway became intoxicated and tied up the road for three hours, or until the sheriff could be notified and the man placed under arrest. The man's duties was to direct the signals giving the trains the right of tracks in three different directions, and for fear he would direct each train in all directions at once they all refused to move.

### HOOK AND LADDER MEETING

Officers Elected for 1913 and Delegates Elected to Attend the Annual Convention

The regular meeting of Brainerd Hook and Ladder Co. No. 1 was held last evening at the rooms of the Brainerd fire department in Central house. Roll call showed but three members absent. Routine business was transacted and the adoption of a new set of by-laws was taken up, the same being read section by section and as corrections were made the same were accepted, ordered spread on the minute book and fifty copies printed. One new member was elected to fill a vacancy caused by the death of Robert Cromwell some time ago. The new officers elected for the ensuing year were:

Foreman—Jule Deering.  
1st Asst. Foreman—Wm. Turcotte.  
2d Asst. Foreman—Wm. Lyonais.  
Treasurer—Frank G. Hall

The delegates elected to represent the company at the annual state fireman's convention which meets at Thief River Falls in June were C. H. Paine and Ray H. Paine, the alternates being A. L. Hoffman and Wm. Lyonais.

### CLASS DAY PROGRAM

Of Seniors is Postponed from this Evening to Wednesday, May 28—An Excellent Program

The senior class day program, which was to have been given this evening, has been postponed a week to Wednesday evening, May 28, at which time everybody is invited. No admission will be charged.

An excellent program has been prepared.

### Baker-Giles

At 10:30 this morning occurred the wedding of Walter Alvin Baker and Miss Marie Elidabeth Giles at the parsonage of St. Francis Catholic church, Rev. Father J. J. O'Mahoney performing the ceremony in the presence of relatives and friends of the couple.

The bride was attired in blue tailor made traveling suit and carried a bouquet of white roses. She wore a large white picture hat. The bridesmaid was Miss Cecil Blislar, who was dressed in a suit of blue and carried a bouquet of flowers. The best man was Floyd Blake.

After the ceremony a wedding dinner was served at the home of the bride, 1108 East Norwood street. The happy couple received many pretty presents, many of them of the most valuable kind. They left on the afternoon train for an extended wedding tour to Minneapolis, Chicago, Kansas City and Denver.

The bridegroom's parents live in Kankakee, Ill. He has made his home in Brainerd for a year past and is employed as a machinist at the Northern Pacific railway shops where he is well liked by his employers and associates. The bride is the daughter of Mrs. Carrie E. Giles and was a valued clerk at the store of Mrs. L. M. Koop. She has a large circle of friends. Mr. and Mrs. Baker will be at home after June 1 at the Mahlum block.

The Dispatch joins their many friends in wishing them much happiness and prosperity.

### Resolution of Sympathy

Whereas the grim reaper, Death, has entered the sacred precincts of the home of Sister Tillie Warren and taken her beloved daughter Eleanor.

Resolved, that in her death she has lost one of the most beloved members of her family. To her and family we extend our sincere sympathy and commend them to the care and protection of the Father who knoweth and doeth all things for the best.

That a copy of resolutions be sent to the bereaved sister, a copy be published in the Dispatch and a copy be spread on the minutes of Florence Rebekah Lodge, No. 111.

ELSIE H. SNELL,  
HENRIETTA FOX,  
ELIZABETH EASTMAN,  
Committee.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. H. P. Dunn, druggist.—Advt. mwf

### HOME TALENT PLAY

Emily People to Present "Topsy Turvy" at the Pine River Opera House Monday

Emily is coming to the notice of the rest of Crow Wing county by the histrionic ability displayed by some of its towns people. On Monday evening, May 26, the comedy, "Topsy Turvy" will be presented at the Pine River opera house. Many Emily residents will go to Pine River to see the play. The chief characters are:

The Deacon—G. F. Rhodes  
Topsy Turvy—Miss Carola Vernick  
May Golden—Mrs. Mary Stirlwalt  
Frank, her cousin—Harold Worsley  
Mrs. Claredon—Mrs. L. Brannan  
Ned—Walter Atwater  
Lord Claredon—James Craig  
Miss Spriggs—Mrs. Jennie Brown  
There are three acts all replete with roaring comedy and the interest of the audience will be sustained to the grand climax at the end.

## MODERN WOODMEN OF BRAINERD

### MATTER OF GREAT IMPORTANCE

To Upwards of Four Hundred Members of This City

Esteemed Neighbor: You carry a certificate of insurance in the M. W. A.—is this certificate of any value to you—or are you making the payments on it "just for fun?"

At our next meeting, Friday evening, May 23rd, at 1. O. of O. F. hall the question will be discussed "shall we vote in favor of a new state organization or remain with the national organization for the present."

A convention of the members of the sixth congressional district will be held at Little Falls on June 2nd to settle the question. We must elect delegates to attend that convention and instruct those delegates as to our wishes in the matter.

Now, are the four hundred members of Brainerd Camp going to leave a question of such great importance as this to be settled by the regular attendance of fifteen members or are they going to have a voice in their own affairs.

Come Neighbor, turn out to our next meeting, discuss this question in full, then cast your vote to protect your own life insurance.

Per order of Com.,  
A. L. HOFFMAN, Ch.  
Advt.—12

### AITKIN DISTRICT COURT

May Term Opens With Judge Wright Presiding—41 Cases on the Civil Calendar

The May term of the district court opened Tuesday, May 20, at Aitkin and promises to be of considerable interest. Judge B. F. Wright, of Park Rapids, will preside and some noted attorneys of the state will attend, among whom will be Stan Donnelly of St. Paul. There are 41 cases on the civil calendar.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted. L. Poole, 2217 California St., Omaha, writes: "My daughter had a very severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time." Refuse substitutes. H. P. Dunn, druggist.—Advt. mwf

### Folk Dances and Concert

Olav Thorhaug, the world-renowned folk-dancer. World's record for Hailing-kast, 9 feet high, and Nils Borge, violin player (8 string violin) winner of first premium in Bergen, when only 18 years old. Come out and see the world's greatest performer of Folk-dances. Friday evening, May 23d, at Citizens State bank hall.—Advt. 11

### ROGER LAKE BRIEFS

A fast game of ball was played Sunday between Ross Lake and Mud Brook, the score being 6 to 9 in favor of the Mud Brook side.

Mrs. F. Stucke took seriously ill Saturday afternoon but is much better now.

The masquerade dance given in the Mud Brook hall was well attended. All seemed to enjoy themselves.

Miss Lydia Stucke spent Tuesday night with Miss Edith Caird.

Frank Richter is on the sick list.

The Robinson family of Fairfield spent Sunday at Mud Brook.

Gill Harrison called on business at the Richter saw mill Monday.

"SLIM."

Foley Kidney Pills repay your confidence in their healing and curative qualities. Any kidney or bladder disease not beyond the reach of medicine will yield to their use. Mrs. Cordelia Copeland, Arden, Mo., says, "I had kidney and bladder trouble for over a year and 5 bottles of Foley Kidney Pills cured me." It is the same story from every one who uses them. All say, "they cured me." H. P. Dunn, druggist.—Advt. mwf

AS THE WARMER DAYS COME YOU WILL FEEL the need of a light weight coat to wear over your lighter dresses.

Our assortment of these garments is very good and we can show you the very best styles for the purpose.

Our fine serge coat lined all through with messaline at \$15.00 is an unusual bargain. These are shown in a number of styles.

We always take great pleasure in showing these garments and we trust that you will permit us to show you. You will be shown most courteously.

## ELECTRICITY AS A FUTURE FOOD

Surprising Results of Experiments in France.

BODILY ENERGY IS SAVED.

Scientist Demonstrates, in a Measure, That Eating Is Not Necessary to Life. Patients Show Great Improvement Under "Diathermy"—Diseases Due to Malnutrition May Be Banished.

To speak of using electricity as a food may seem most absurd at the present time, but experiments recently conducted in France indicate that such is a possibility of the future.

For a long time scientists have been looking for a cure which will do away with some of the multiple ailments of the human body and have been universally of the opinion that if food could be in a more condensed form it would be absorbed with less fatigue and discomfort. The principle of electricity acting as a food value is that it adds to the heat energy of the stomach so that much less food has to be taken into the body.

Currents Applied to Body. His method is called "diathermy," and he applies frequent currents to the human body, so that, instead of heat having to be produced from food materials which need to be consumed and burned in the system and thus give rise to much overwork of the organs, the artificial method produces the same heat at much less injurious cost to the general condition of health.

These electric currents, he says, pass through the body without the least feeling. The current is of two or three amperes strength and voltage of 1,000 to 2,500 volts an hour, and this amount of electricity equals one-third of the daily food value which should be consumed by one person.

He applied the first test to a man who was in bad physical condition. The patient at the time was eating too much animal food, but was unable to work, was sensitive to heat and cold and could not walk thirty feet without aid. His height was five feet ten inches, and he weighed 110 pounds.

After a series of treatments he began to improve rapidly and in a short time gained thirty pounds, was able to walk for hours without much weariness and had, in fact, regained all of his normal vigor.

Borzone has also made many other similar tests and finds that the results are universally good and that as soon as the amount of food taken into the system is reduced and the current of electricity substituted the improvement is immediate.

He considers that the time will come when all ailments due to insufficient nutrition and malnutrition will disappear under a series of electric treatments of high frequency currents.

Electricity For Plants. Another example of the strange uses to which experts are putting electricity is the method of growing plants by indoor electrical apparatus. This device costs but a small sum to build and can be operated in any room which is lighted by electricity.

It consists of two small coils of wire connected to a lighting circuit and also to another coil of larger wire which surrounds the wooden frame in which the plants are to be kept.

Within this frame are mounted several shelves, upon which are placed boxes holding the seeds and plants to be forced. Then, when the current is turned on, the space inside is silently agitated by the electrical discharge of high frequency.

This action causes the seed and plant to grow with great rapidity and to reach a size larger than ordinary. The treatments are given several times a day and last about half an hour time.

### WHIRL OF THE TORNADO.

Beside It the Rush of the Cyclone is Comparatively Harmless.

An uphill fight for accurate English is being waged year after year by scientific authorities on the weather who object to having the tornadoes which rip through towns now and then or carry away isolated farmhouses, called "cyclones." The distinction made by the experts in meteorology is plain, but the public is wedded to the "cyclone."

The word has gained wide acceptance in describing the furious local storms which rush forward along a more or less direct path while they whirl with far greater velocity on a center which may be only a few feet in diameter. If a boy's top is spun on one end of a board and the board is tilted so that the top slides quickly along it, all the while revolving at high speed on its point, the onward

sweep of the tornado is closely imitated.

It is the spinning motion which is swiftest and most destructive. The advance of the storm may not be as rapid as that of many a comparatively harmless gale. The twisting motion is estimated at not less than 200 miles an hour in the worst tornadoes. The true cyclone of the West Indies, the China sea and other parts of the tropics is entirely different. Its force is spent in a furious wind that seems to blow almost straight ahead, while the storm revolves, more or less fully, around a circle the circumference of which may be many hundred miles. A tornado wreaks its fury on a strip of land usually only a mile or less in width. The cyclone sweeps scores or hundreds of miles of sea or shore.

But "cyclone" is entrenched in popular usage as the name of the typical "twister" of this country, and "tornado" has a poor chance.—Cleveland Leader.

### THE PRISONERS' CIPHER.

A Puzzling Code That Was Discovered Only by Accident.

Prisoners in jails are generally very ingenious, so much so, in fact, that it has been frequently remarked that if their skill and ingenuity were turned to honest purposes they would thrive much better than as criminals.

One branch of ingenuity is displayed in the plans they make to communicate with one another. They construct cipher codes, but the officials generally manage to translate them.

Recently in a western jail the guards encountered a cipher that proved too hard for them, and it was a good while before the puzzling messages were made out, and then the key was accidentally discovered. A man in for forgery, as smart a rogue as ever was behind the bars, invented the puzzle.

The writing was on long, narrow strips of paper, on the edge of which were letters and parts of letters that apparently had no connection and from which no words could be formed.

One day a deputy who was passing the cell of a prisoner saw him passing a long strip of paper around an octagon lead pencil. He took this paper away, and on it were the mysterious scrawls that had worried the keepers.

But the deputy got an idea from this, and, going back to the office, he wrapped the strip around an octagon shaped lead pencil and after several trials adjusted it so that the parts of letters fitted together and made a sentence, though the writing was very fine.

The writer had adopted the simple ingenious plan of covering the lead pencil with the paper and had then written along one of the flat sides. On unrolling it the writing was as mystical as a cryptogram, but when put around the pencil, as it was originally, it could be easily understood.—Dallas News.

### 'Almost the Speed Limit.

"No man is a coward to himself."

said the war veteran oracularly.

"At Chattanooga one of the men in my company left early in the action, and no one saw him till after the battle, when he appeared in camp unwounded and unabashed. Some of the boys accused him of running away, but he wouldn't admit it.

"I only retreated in good order," he declared.

"I heard of the matter, and a few days later I asked him if he had any idea how fast he had 'retreated.' "Well, 'I'll tell you, cap'n," he said, 'if I'd been at home and going' after the doctor folks that see me passin' would have thought my wife was right sick!"—Youth's Companion.

### IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Brainerd Homes

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys,

'Would save much needless woe.'

Doan's Kidney Pills are for weak kidneys.

Many residents of this vicinity endorse them.

Mrs. Hattie Wandrie, Crosby, Minn., says: "For the past two or three years I suffered a great deal from pains through the small of my back and sides. I was also subject to headaches and my whole system seemed to be disordered. The kidney secretions were irregular in passage and caused me much annoyance. I finally procured a supply of Doan's Kidney Pills and in a short time after beginning to use them, I felt better in every way. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PLAN TO INSIST  
ON AMENDMENTSRepublican Senators Will Oppose  
Tariff Measure.

PENROSE AND SMOOT TALK

Pennsylvania and Utah Solons Declare  
That Changes in Nearly Every Item  
Will Be Proposed and That Many  
Roll Calls Will Be Demanded by  
the Minority.

Washington, May 21.—Senator Penrose declared that Republican senators plan to insist on amendments to nearly every item in the Underwood tariff bill when it comes before the senate.

Senator Smoot told the senate he knew of no concerted effort to be made purposely to delay the passage of the bill, but said he was assured that the minority would offer many amendments to schedules offered by Democrats.

Senator Smoot also announced that the introduction of amendments will begin as soon as the bill comes from committee and that many roll calls will be demanded. If this plan is pursued systematically the journey of the bill through the senate is certain to be prolonged.

Senator Simmons has called the first meeting of the full membership of the finance committee to consider questions relating to the tariff.

The Penrose motion to have the names of manufacturers submitted for the benefit of the minority was brought to a focus when Senator Lippett proposed an amendment which would require immediate publication of all bills filed with the finance committee. Thereupon Senator Simmons moved the whole matter be referred to the finance committee and the motion was carried, 42 to 29.

## PROTEST SUNDY CIVIL BILL

Manufacturers Send Resolution to  
Wilson Denouncing Act.

Detroit, Mich., May 21.—Practically all of the sessions of the National Manufacturers' association were taken up with the discussion of labor organizations and the labor situation in general.

The discussion culminated in sending to President Wilson resolutions protesting against the sundry civil appropriation bill and urging the chief executive to veto it because of the provision against using its funds for the prosecution of labor organizations under the Sherman act.

A large part of the secretary's report was devoted to the so called "embargo placed on free labor" by promoters of the Panama-Pacific exposition at San Francisco.

## UNCLE SAM MAY MAKE ARMOR

Secretary Daniels Says There Is No  
Competition.

Washington, May 21.—Plans for manufacturing armor plate for American warships in plants owned and operated by the government are being considered by the navy department.

Secretary Daniels declared that there was no such thing as competition between private manufacturers and that a government factory seemed to be the only solution of the problem.

He added that he would not disturb contracts let just before the close of the Taft administration by Secretary Meyer, because no better bids could be expected than those already accepted.

## GUTHRIE GOES TO JAPAN

Senate Confirms Many Nominations  
by Wilson.

Washington, May 21.—In a two-hour executive session the senate confirmed the nominations of several score postmasters and other officials, including George W. Guthrie, as ambassador to Japan; John Purroy Mitchel as collector of the port of New York; G. M. Saltzger as commissioner of pensions and Albert Lee Thurman as solicitor of the department of commerce.

## CONVICTED OF MAIL MISUSE

Men Who Sought to Blackmail Woodrow  
Wilson Found Guilty.

Newark, N. J., May 21.—Seeley Davenport and Jacob Dunn, mountain woodchoppers of Wharton, N. J., were convicted by a federal grand jury of sending threatening letters to Woodrow Wilson while he was president elect.

The communications mailed to Mr. Wilson were received by his secretary, Joseph P. Tumulty, in May and November of last year, and demanded \$6,000 under penalty of death.

## Important Posts Filled.

Washington, May 21.—It was announced semi-officially that Louis F. Post of Chicago had been selected as assistant secretary of the department of labor; Anthony J. Caminetti of San Francisco for commissioner general of immigration and John B. Denmore of Polson, Mont., for solicitor of the department of labor.

SLIDE ENGULFS  
MIXED TRAINSix Persons Are Killed and Several  
Injured.

## ACCIDENT ON MOUNTAINSIDE

Engine, Three Freight Cars and Caboose  
Are Swept Away When Tons  
of Earth Roll Down While Crew Is  
Clearing Debris From Track Caused  
by Cleudburst.

Hinton, W. Va., May 21.—Six persons were killed and a number injured when a mixed train on the Sewell branch of the Chesapeake and Ohio railroad was swept down a steep mountainside by a landslide.

The train, composed of an engine, three freight cars and caboose, the latter carrying passengers, had stopped between Sewell and Landisburg to clear away debris deposited by a cloudburst.

While this work was in progress another slide occurred and the train was thrown from the tracks down 300 feet of the mountainside.

Among the dead are James Walker of Hinton, a traveling salesman, and Mrs. Amick of Landisburg. A young girl is known to have been killed. Three other passengers, all men, known to have been aboard the caboose, have not been seen since the accident and are believed to be dead under the wreckage.

The debris had caused landslides all along the right of way. While the crew labored to clear away one of these tons of earth slipped from the mountainside and the train was swept from the tracks and rolled down an embankment.

## GIRL IS SLAIN BY SUITOR

Young Man Then Runs and Later  
Wounds Himself.

Pine City, Minn., May 21.—Frank Kuhlman, a tinner of Minneapolis, shot and instantly killed Miss Effie Jones of this place and then fired three shots into his left breast just below the heart.

Kuhlman was employed as a tinner about two months ago by the Smith Hardware company of this place and boarded at the Jones boarding house. He became infatuated with his landlord's daughter and wanted to marry her, but she rejected him and he threatened at that time to kill her. When the facts became known the authorities gave him twelve hours to leave the place and he went to Henriette, a station on the Great Northern twelve miles west of here.

He returned and went to the kitchen door of the Jones boarding house and rapped. He was disguised with a black wig and dark glasses, but the girl knew him and screamed to her mother for help. Kuhlman then shot her through the left shoulder and heart and she died almost instantly. Kuhlman then ran several blocks and shot himself, but may recover.

## SON GUARDS DYING WOMAN

Doctor Uses Revolver to Remove  
Woman to Hospital.

Milwaukee, May 21.—At the point of a revolver Dr. E. J. Kottelhut took Mrs. Emma Scheuren from her home unconscious and hastened her to the emergency hospital with the hope of saving her life. He was unsuccessful. The woman had taken poison.

Arthur, the eighteen-year-old son of the woman, refused to permit his mother being removed.

When the doctor insisted the young man drew a revolver and threatened to shoot. Realizing that death was near the physician hastened to a saloon, obtained a revolver and assistance.

## A. K. FINSETH IS STRICKEN

Former State Senator and Food Commissioner  
Dies at Kenyon, Minn.

Kenyon, Minn., May 21.—A. K. Finseth, state senator in 1874, 1876, 1878, 1886 and 1888 and state dairy and food commissioner under Governor Merriam in 1891 and 1892, died at his home here of paralysis. He was seventy-seven years old.

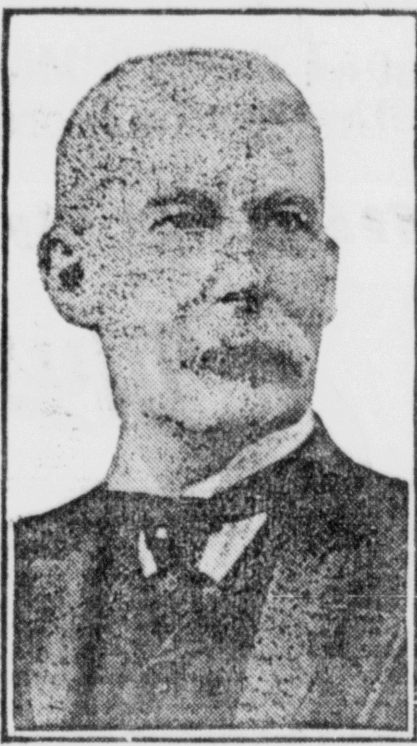

Mr. Finseth was one of the pioneers of this section of Minnesota. He was president of the Citizens' State bank from the date of its organization until a few years ago, when he retired from active work.

He is survived by his wife and eight children.

## ADOPT NEW CREED.

Atlanta, Ga., May 21.—With several changes in phraseology the "brief statement of belief" compiled by a special committee was adopted by the Southern Presbyterian assembly by a vote of 119 to 64.

## HENRY M. FLAGLER.

Aged Railroad and Oil  
Magnate Dies in Florida.

## HENRY M. FLAGLER IS DEAD

Noted Rail and Oil Magnate Expires  
in Florida.

West Palm Beach, Fla., May 21.—Henry M. Flagler, aged eighty-three, capitalist and railroad magnate, died at his winter home here after an illness of several weeks. Mr. Flagler recently fell down a flight of steps in his home and, because of his advanced age, his recovery had not been anticipated.

The career of Henry Morrison Flagler, whose greatest achievement was the building of the Florida and East Coast railroad and its extension over the coral reefs to Key West, was as picturesque as it was meteoric. From behind the counter in a country store he became one of the rulers of Standard Oil, second only to John D. Rockefeller, and the chief financial figure in the state of Florida.

LARGE INCREASE IN  
RAILWAY WRECKSReport Blames Faulty Equipment  
and Tracks.

Washington, May 21.—Defective railroad equipment and tracks were responsible for 68 per cent of all derailments in the United States during July, August and September, 1912, and during these three months there were 935 more train accidents, including 901 more collisions and derailments, than during the same months in 1911.

All train accidents on steam roads during that time killed 288 and injured 4,598, an increase of 87 in the killed and 315 in the injured during the corresponding period of the year before.

These facts are disclosed in the accident bulletin of the Interstate commerce commission for the quarter ended Sept. 20, 1912.

Accidents of other kinds, including those sustained by employees while at work, not including "industrial accidents," make the number of casualties 2,995 killed and 22,447 injured, a total increase of 237 killed and 3,340 injured. The damage to equipment and railway by the accidents aggregated \$3,366,401, a large increase.

## RESULTS ON THE DIAMOND

Northern League.  
Winnipeg 14, Virginia 1.

Rouse Asks Penny Postage.

Washington, May 21.—One cent postage for letters after July 1, 1914, was proposed in a resolution by Representative Rouse of Kentucky.

## FIGHT ON HARRIS IS ENDED

Senators Agree to Arbitrate Confirmation  
of Georgian.

Washington, May 21.—Senators who were looking forward to a discussion of census taking were disappointed when the promised fight over the confirmation of W. J. Harris of Georgia as director of the census, succeeding E. Dana Durand, was submitted to arbitration and an agreement was made to vote upon it June 25.

TO LET SENATE  
HAVE LATITUDEIt May Amend Tariff Bill With-  
out Opposition.

## CAN'T MAKE BIG CHANGES.

Chairman Underwood of the House  
Committee Says Upper Body Must  
Not Convert the Measure to Some-  
thing "Un-Democratic"—President  
Will Watch Work.

By ARTHUR W. DUNN.

Washington, May 21.—[Special].—The senate will be permitted considerable latitude in amending the tariff bill without provoking much opposition by those who drafted the measure. "The senate has a right to say as well as ourselves," said Chairman Underwood. "But if they undertake to make the bill un-democratic we will go to the country before we will submit. There may be changes which the senate will find necessary and which we will agree to when they are pointed out. There are some classifications that may need changing, but there will be no radical changes accepted by the house."

## Sugar and Wool.

Whether Underwood means that no duty shall be placed upon sugar and wool is not stated, but he, no doubt, will regard a tariff on those articles as "radical" changes from the bill as it passed the house. At least President Wilson so consider them, and there is no doubt that the majority of the Democrats in the house will agree with him.

"Those sugar and wool fellows may make us some trouble," remarked one of the shrewd Democratic members, "but there is an indication that they will go into a Democratic caucus and do a lot of talking, put up a very strong fight and finally consent to being tied up to a caucus decision in favor of free wool and free sugar as provided in the Underwood bill. Some of them are willing to be throttled in caucus."

That furnishes a way out. Let the caucus decide and the Democrats who represent wool and sugar states can stand with their party.

## Naming the Committees.

Democratic members of the house have been keeping in close touch with Chairman Underwood of the ways and means committee, particularly those who have no assurance of good committee assignments. They also interview Champ Clark, for the speaker is not without influence, although he does not name the committees.

All the big chairmanships have been provided for, as well as the best places on the most important committees. These go by rank and promotion. The pressure for positions comes from the new members, who want something better than a nonworking committee.

"They won't be satisfied with a toothpick," said Congressman Shackelford of Missouri. "They don't want to be handed a toothpick and told to go into the cloakrooms and pick their teeth and come out and vote when the roll is called."

## A Tariff Uncertainty.

Those Democratic senators who are against free wool and free sugar have an uncertainty to meet in the attitude of several Republican and Progressive senators. There are several of these who think that the products in their states have been so hard hit in the Underwood bill that they will not help the sugar and wool men unless they get something in return.

And so the Democrats who are standing out may find that after they have counted noses on their side and can change the schedules with all the Republican and Progressive votes they will be unable to secure all those votes in favor of a duty on wool and sugar.

## Would Improve the House.

Quite a number of women were looking over the house one day after adjournment. After looking at them a moment Congressman Fitzgerald of New York remarked: "I don't know but what it would improve the looks of the house if twenty-five or thirty good looking women would come here as members. It might create some rivalry if there was a selection of seats."

## Chandler Rings the Bell.

Congressman Chandler, Progressive, of New York city made a hit the first day of the session by the sense of humor he displayed. When he made his tariff speech he scored again for the very same reason.

"I know little about the tariff," he began; "but, strange to say, though a modest and retiring man, I have suffered no embarrassment whatever from any private conversation on the subject I have had with other members. My excuse for speaking at all upon the tariff is the justification of Colonel Ingersoll for discussing immortality of the soul. He said that where nobody knew everybody had a right to guess."

"Now, after listening to tariff discussions for weeks, I have some very positive convictions, with few reservations. I know perfectly well the Democrats are wrong. I also know perfectly well that the Republicans are wrong, and at times I have serious doubts about the Progressives."

With such a start as that Chandler had the attention of the house, and with bits of humor and earnest voice he made a good impression.

## Congressional Library.

The library of congress at Washington is the third largest collection of books in the world.

## CAPTAIN BARTLETT.

Sailing Master of the Stef-  
fansson Arctic Expedition.

## AGAIN HEARS CALL OF NORTH

Captain Bob Bartlett Sailing Master  
for Steffansson.

New York, May 21.—Captain Robert Bartlett, who was master of the Roosevelt, in which Rear Admiral Peary made his polar expedition, has been chosen as sailing master of the Vilhjalmur Stefansson Arctic expedition, about to start for the North pole.

Friends of Captain Bartlett, who is a veteran of the frozen North, remind him that he would be away at least five years and likely a great deal longer, but he said he heard the call of the ice again and would recognize it.

WILD RIOT OUTSIDE  
CATHOLIC CHURCHTen Thousand Chicago Persons  
Try to See Wedding.

Chicago, May 21.—Dr. Frank Lagorio, son of the head of the Pastore institute in this city, and Miss Ella Triner were married despite riots which prevailed for a block or more around St. Procopius Catholic church and in the face of a \$20,000 breach of promise suit filed two days ago by Miss Emily Huggins, who claimed Dr. Lagorio had led her to believe she was to be his wife.

In one of Miss Huggins' interviews she announced she would prevent the wedding at all costs, even to the point of abducting Dr. Lagorio, but later announced she would remain at home.

The widespread notoriety attaching to the wedding, however, brought out a crowd of more than 10,000 persons, impelled by curiosity and the thought that perhaps some coup might be executed.

After Dr. Lagorio, Miss Triner, her father, brother and sister arrived at the church, the crowd made a great rush to get near the temporary canvas porte cochere extending from the street to the church door and the police found themselves unable to cope with the situation.

With the arrival of all the reserves in the district Lieutenant O'Brien, waving his revolver in the face of the mob, cleared a path so that the bridal party could enter the church.

Immediately, however, the entrance and the street in front of the church was blocked and many of the guests were unable to force their way through. Partisans of Misses Triner and Huggins engaged in fistfights freely and many women and children, caught in the crush, were roughly handled.

## LYNCHING BEE ATTEMPTED

Mob Closes on Negro Identified by  
Woman Victim.

Hawthorne, Kan., May 21.—A mob of 200 persons from Falls City, Neb., made a threatening demonstration at the local jail, where William Bellow, a negro charged with attacking Mrs. Anna Keller of Falls City, is a prisoner.

After the crowd had promised that the negro would not be harmed he was taken to the jail steps that Mrs. Keller might see him.

When she identified him as her assailant the crowd closed in around the jail entrance, but the sheriff and deputies drew pistols and held the mob at bay.

## Flattery.

She (angrily)—Here's some fool man saying that all women are naturally dishonest.

He—Well, dearie, aren't you always stealing our hearts?—Baltimore American.

## FROM HESPER TO MELVILLE

Northern Pacific Planning to Build  
New Branch in Montana.

Butte, Mont., May 21.—The Northern Pacific will construct a line from Hesper, Mont., on the Billings and Northern road, to Melville, north of Livingston, in Eastern Montana, according to an announcement made by Northern Pacific officials. The construction will involve about 100 miles. The proposed line will tap one of the richest agricultural districts in Eastern Montana and make accessible to railroad facilities more than 200,000 acres of farming ground.

ARMAMENT BILL  
CAUSES STRIFE

## RACE TAKES PLACE IN 1914

New York Yacht Club Accepts Lip-  
ton's Challenge.

London, May 21.—The New York Yacht club cabled to the Royal Ulster Yacht club definitely accepting Sir Thomas Lipton's challenge for the America's cup.

The races will take place in September, 1914, under the New York Yacht club's present rules as to measurement, time allowance and racing rules.

Sir Thomas considers that the conditions of acceptance of his challenge by the New York Yacht club are a great victory for him. He says they will enable him to build a good, seaworthy boat.

## DIES FROM WHITE PLAGUE

Doctor Who Married His Nurse  
Leaves Estate to Her.

Marquette, Wis., May 21.—Dr. James S. Atkinson, the Northern Wisconsin veterinarian and hero of a score of rescues from runaway horses, who, after failing to get the Friedmann treatment for tuberculosis, married his nurse, Florence Bleau, is dead. He left a large estate to her.

Dr. Atkinson was among the first to reach New York and apply for treatment by the turtle serum, but he was not granted a hearing.

He was then in an advanced stage of the disease. He returned and married Miss Bleau, who had been nursing him for months, so that, as his wife, he might make an uncontested bequest of his property to her.

## AWAIT NEXT MOVE BY TOKIO

State Department Officials Drop Land  
Law Temporarily.

Washington, May 21.—Interest in negotiations between the United States and Japan over the California land legislation has shifted from Washington to Tokio. The American government, having delivered its reply to the Japanese protest, is awaiting the next step of Japan. The situation was not even mentioned at the cabinet meeting.

## Matthew White, Sr., Fire Victim.

Monterey, Mass., May 21.—Matthew White of New York city, a retired malt manufacturer and father of Matthew White, Jr., the writer, lost his life in a fire that destroyed the summer home of the family here.

## TRUST LET DOWN EASY.

Louisville, May 21.—Per-  
emptory instructions relieved  
the American Tobacco com-  
pany in federal court here of  
charges that it had received  
rebates from the Louisville,  
Henderson and St. Louis rail-  
way on interstate shipments  
of tobacco.

Hogs—Light, \$8.45@8.72½¢; mixed, \$8.40@8.75; heavy, \$8.15@8.65; rough, \$8.15@8.30; pigs, \$6.60@8.40. Sheep—Native, \$5.50@6.15; Western, \$5.50@6.15; yearlings, \$6.00@6.75; lambs, \$6.60@7.60.

## Minneapolis Grain.

Minneapolis, May 21.—Wheat—May, 84½¢; July, 84½¢; Sept., 84½¢. Cash close on track: No. 1 hard, 91½¢; No. 1 Northern, 90½¢@91½¢; to arrive, 89½¢@90½¢; No. 2 Northern, 88½¢@89½¢; No. 3 Northern, 86½¢@87½¢; No. 3 yellow corn, 60¢@61¢; No. 4 corn, 58¢@59½¢; No. 3 white oats, 35¢@54¢; to arrive, 35¢; No. 3 oats, 33¢@34¢; barley, 45¢@60¢; flax, \$1.32; to arrive, \$1.23½¢.

Dissolution of German Parlia-  
ment Is Probable.

## TWO PARTIES JOIN FORCES

Centrists and Socialists Combine to  
Cut Appropriations and Reduce Num-  
ber of Commissioned and Noncom-  
missioned Officers Asked For, Thus  
Making a Majority Against the Gov-  
ernment Very Likely.

Berlin, May 21.—Possibility of dissolution is hanging over the German imperial parliament owing to the disposition of the Centrists and the Socialists to cut appropriations in the new armaments bill. The seriousness of the situation is pointed out in the Lokal Anzeiger.

A correspondent of the paper asserts that during discussions of the budget committee in April, when Centrists and Socialists were vigorously slashing the bill, Imperial Chancellor von Bethmann-Hollweg sent word to them that parliament would be dissolved if they persisted in their course.

At the resumption of discussions in committee the Centrists proposed to diminish by 1,008 the list of 1,538 additional army lieutenants demanded and by 1,044 the list of additional non-commissioned officers, as well as a number of other officers.

Members of the Socialist party naturally supported these proposals, thus making a majority against the government extremely probable.

## WEBB LAW SCOPE IS BROAD

Court Holds Delivery Constitutes Sale  
and Fines Driver.

Kansas City, May 21.—A fine of \$4,000, with a sentence of 240 days in jail, one of the heaviest penalties ever imposed in a local court, was the judgment pronounced in the municipal court, Kansas City, Kan., on H. A. Hawyer, a driver for the Kansas City Breweries company.

Hawyer was arrested two weeks ago when the police seized beer wagons making deliveries in Kansas City, Kan. The Kansas authorities made the arrest to test the police powers under the federal Webb law.

The point raised was whether delivery of beer in Kansas City, Kan., constituted a sale in that state.

Hawyer's case was appealed and he was released under a bond of \$8,000.

## TRIAL BEGINS NEXT MONDAY

Colonel Roosevelt Suing Michigan Ed-  
itor for Libel.

Marquette, Mich., May 21.—The libel action of Colonel Theodore Roosevelt against George A. Newett, editor of an Ishpeming newspaper, for \$10,000 damages, is scheduled to be heard Monday.

The cause of the action was a statement published by Newett in his paper that "L. (Roosevelt) curses, lies and gets drunk frequently, and all his friends know this."

Judge R. C. Flannigan will be on the bench. A special venire of fifty taleymen has been drawn. Many men of national note will be witnesses.

The ladies May campaign committee for Brainerd Homestead, No. 602, of the Brotherhood of American Yeomen, are preparing for a big class adoption to take place early in June.

On Friday evening, May 23, there will be a regular meeting of the homestead followed by a social. All members are requested to attend this meeting and friends are invited to the social. There will be good music, dancing and refreshments.

Awnings put up by D. M. Clark & Co.—Advt. 241tf

I. W. Smith, owner of the West Park and Smith additions near Ironton, was a Brainerd visitor today, coming to this city on the Ironton "Merry Widow" train. Mr. Smith says the train is very convenient to the Ironton people as it gives them an opportunity to transact their business in Brainerd, enjoy a lunch and have plenty of time in the afternoon for other matters and to catch the 2:30 train for Deerwood.

He looked after tax matters at the court house.

Schmidt's bottle beer, famous for quality. Order a case. Telephone 164. John Coates Liquor Co.—Advt.

John A. Cochran went fishing this afternoon and before going he called on all his newspaper friends, and there are quite a few because John knows them all, and he asked each what kind of fish he liked. The fourth estate of Brainerd, and there are three papers who throbb the intelligence of this busy section of central Minnesota on the consciousness of its inhabitants, are waiting with great expectations the return of their friend from the fishing waters along the Minnesota & International rail-

way. In the words of the immortal Longfellow or whatever bard wrote about the ship of state sailing away, "Sail on, oh! John! Our fears, our hopes for fish are all with thee."

Miss O. M. Hansyn, stenographer of Jay Henry Long, is the heroine of a fish story. Last evening she was casting her line in the placid waters near the pumping station. Suddenly the cork bobbed out of sight as though a whale had attached itself. She held to the pole with might and main. The fish tugged and the pole broke into three pieces. Not losing her presence of mind or the fish either, she gathered the loop of the line, as the fish stopped her struggles and took a breathing spell and threw a half hitch around a stump. Then she hauled in the line and gradually pulled to shore a monstrous pike two feet long and weighing over 18 pounds. A panoramic view will be taken of the fish, such size photograph being necessary as the ordinary photo would be unable to picture the whole fish.

The spring months often find a woman tired out, with pain in back, hips and head, nervous and sleepless. Foley Kidney Pills will quickly prove their worth and value as a healer of all kidney and bladder ailments and irregularities. They are a splendid remedy for rheumatism, clearing the uric acid from the joints and system. Try them. H. P. Dunn, druggist.—Advt. mwf

Good house and all buildings new. Two acres of land lake front on Little Hubert and Hubert lakes. Inquire Mrs. L. E. Thayer, box 65, Hubert, Minn. Advt.—297t6-w2

**PENTECOST NOT GREAT JUBILEE**

Still Greater Blessings Are Coming, Says Pastor Russell.

What the Day of Pentecost Signified. It Was but a Foretaste of a Greater One to Come—Why It Came When It Did—Why the Greater Blessing Will Come and When—Are There Signs That It Is Near?—Times of Refreshing—Times of Restitution—"I Will Pour Out My Spirit Upon All Flesh."

Boston, Mass., May 11.—Pastor Russell gave two addresses here under the auspices of the International Bible Students Association. We report one of these, from the text: "Upon the servants and upon the handmaids in those days will I pour out My Spirit upon all flesh."—Joel 2:28, 29.

The Pastor called attention to the fact that he had transposed the parts of this text, to make their true meaning more apparent. He declared that the Prophet unquestionably taught two outpourings of the Holy Spirit, only one of which had yet come—that upon God's faithful servants and handmaids. The second is to be upon all flesh.

Prior to Pentecost, the Pastor said, no one except Jesus had received spirit-begetting—the Holy Spirit of sonship. God had held all humanity at a distance from Himself, declaring that He could not accept them as sons until their sins had been atoned for. This condition of alienation from God had continued for more than four thousand years before Jesus came. Adam was called a son of God, but after him none was so styled until Jesus.

After Jesus had received the Holy Spirit at baptism, He spoke of Himself as the Son of God. Of His disciples we read, "The Holy Spirit was not yet given; because that Jesus was not yet glorified." (John 7:39). Before leaving them, Jesus admonished them to tarry at Jerusalem until endued with power from on High.

When Pentecost Was Fully Come. For ten days the disciples tarried, praying in the upper room, and wait-

ing for the promised demonstration of Divine acceptance. This would indicate that Jesus had appeared in the presence of God, and that the Father had accepted Jesus' sacrifice as a satisfaction for their sins, and by the begetting of the Holy Spirit recognized them as sons. The sonship to which Jesus and the Church have been begotten during this Gospel Age is to the Divine nature, as St. Peter explains—2 Peter 1:4.

The Pentecostal blessing, therefore, was a double attestation. It proved that Jesus as the great Redeemer had accomplished the work which the Father gave Him to do. It also proved that those who had received the Spirit were accepted as sons of God, original sin having been cancelled through the merit of Christ's sacrifice. And although the miraculous manifestations of God's favor have not been repeated during this Age, yet we know that all of the same class are sharers, participants in the same blessing—the same acceptance of the Father. "The God and Father of our Lord Jesus Christ, which according to His abundant mercy hath begotten us again."—1 Peter 1:3.

Our faith has its sure footing in that original Pentecostal manifestation. Because the Church is one Body, although composed of many members, no repetition of Pentecost has been necessary. As soon as we by consecration come into the one Body, we are sharers in all blessings belonging to that Body, the start of which came on the memorable Pentecost Day. On this basis, the gathering of the Church has progressed for nearly nineteen hundred years. Soon, we believe, it will be completed. The last member having proved faithful and passed beyond the veil, the Body thenceforth will be complete in glory—united to the Head.

**The Greater Jubilee.**  
To the Church, Pentecost represents liberation from the thralldom of sin and death, as well as introduction into the family of God. Thus it signifies the beginning of all the blessings which the people of God have known. These are expressed in various spiritual terms as the fruits of the Spirit, fellowship with God and our Lord.

The Pastor explained that those wonderful blessings are not complete. The resurrection change from imperfections in the flesh to perfection on the spirit plane will be the consummation of the Church's hopes. Although near, this has not yet been attained.

God purposely deferred the secondary outpouring of His Holy Spirit—that upon the world—"all flesh," until the establishment of His Kingdom. That will be a great Jubilee. In Israel's experiences, every fiftieth year was a Jubilee. Every Israelite was set free from bondage and from debts of every kind, and had a fresh start. God thus pictured how during Messiah's glorious reign as Mediator of the New Covenant, God will, on account of Jesus' sacrifice, cancel the sins of the whole world, and grant a release from all weaknesses, and assistance back to the fullness of Divine favor. What a Jubilee that will be!

**A Story of St. Paul's.**  
A singular fact in the history of St. Paul's cathedral, London, is that the first stone which the architect ordered the masons to bring from the rubbish of the former cathedral, destroyed by fire, was part of a sarcophagus, on which had been inscribed the single word "Resurgam" ("I shall rise again"). The prophecy was fulfilled, for out of the ruins of old a veritable poem in marble has arisen.

**His Umbrella Scheme.**  
"An umbrella with a gold handle studded with diamonds!" exclaimed the admiring friend.

"Yes," replied the man with a fierce look in his eye. "If somebody picks this one up it's going to be a charge of grand larceny."—Washington Star.

**Domestic Ethics.**  
A man should be ashamed of himself when he tells a falsehood to his wife and she believes it. But he isn't ashamed; he is encouraged.—New York Journal.

A man may outwit another, but not all the others.—La Rochefoucauld.

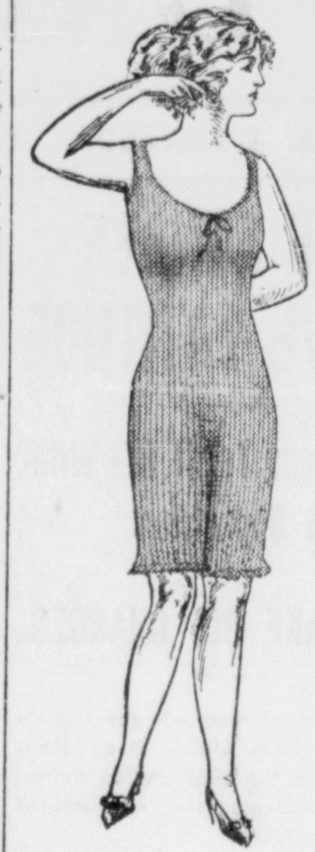

**TO CURE A COLD IN ONE DAY**  
Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

A slight cold in a child or a grown person holds possibilities of a grave nature: Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep seated cough, and heals inflamed membranes. H. P. Dunn, druggist.—Advt. mwf

## UNIVERSITY WEEK PROGRAM IN DETAIL

Scientific Demonstrations, Lectures  
of Interest in Social and Civic  
Welfare

### DEBATES TO BE A FEATURE

"Resolved That Socialism is Prefer-  
able to Present Order" May  
be Taken Up

So many inquiries have been made concerning the program for University Week since it was published in the Dispatch, that the committee in charge of the arrangements feels that a more detailed description of the various numbers would be appreciated by the public.

University Week is the result of an effort upon the part of President Vincent and others interested in the welfare of the state university, to make the university of more service to the people of the state, to develop a deeper interest in the university and its work among the people in the state, and to furnish to as large a number as possible entertainment and instruction of practical value along social and economic lines.

Those who attended the sessions last year can testify to the excellent character of the program, and the program proposed for this year is more instructive, more entertaining and better in every way than the one given a year ago.

University Week will be held during the week of June 9-14. Scientific demonstrations, lectures on subjects of interest to those who are working for social and civic welfare, discussions of topics of vital concern to parents and others interested in problems of the home, musical entertainments and readings, will be given during the afternoons by men and women who are experts along these lines. These sessions will be held in the rooms of the Commercial club.

The special features will be given in the evenings, the opera house having been secured for this purpose.

The Dramatic club and the Glee club did such successful work last year that all will want to hear them. Both clubs are on the program again this year.

An unusually attractive feature on this year's program, and one that offers a fine opportunity for Brainerd to prove her worth, is the debate. Our university has a champion debating team which won the championship of the conference, beating Chicago, Illinois, Wisconsin, Iowa, Nebraska and other schools. We are all interested in debating. It has been introduced in our grade schools and "the children cry for it." Our high school has had a debating team of championship caliber for two years, and we are proud of the way in which the team beat the representatives of Crookston.

The prize debaters of the university are to be in Brainerd during University Week, and this is what they plan to do.

They are prepared to take either side of the following questions: 1. "Resolved: That the women of the United States should be given the ballot" and, 2. "Resolved: That Socialism is preferable to the present order." They offer to debate either one of these questions among themselves, or, and this is what they would much prefer, to debate either side of one of the above questions against a local team.

So many people in Brainerd is discussing the second of these questions that it should be easy to stage a lively and very instructive debate, and one that would appeal to a large number. Supt. W. C. Cobb, who is chairman of the committee in charge of University Week, would appreciate it if those interested in either of the foregoing questions would confer with him in regard to selecting a team to represent Brainerd against the best that the western universities have to offer. This should be done at once, for the time is short and we want our team to be well prepared in order that it may make a creditable showing against the "champions."

We hope the people of Brainerd will take hold of this, and help to make the debate an event to be long remembered.

It offers the chance for us to take a prominent part in the program and we want to do it well—better than any other place in the state.

### SHOP MAN PASSED AWAY

John J. Anderson, for Many Years  
Resident of Brainerd, Died  
Last Night

John J. Anderson, of 911 11th street Southeast, for many years a resident of Brainerd, passed away at a local hospital last night. He had been employed as a carpenter at the car shops and had been sick for some time. He had been operated on with a view to relieve his malady.

Mr. Anderson was a devoted member of the Swedish Mission church, taking much interest in the work of the church. He leaves a wife and four children, being one son and three girls. The funeral arrangements have not been announced, but the ceremonies are expected to be held on Friday.

### BASEBALL NOTES

Schedule Being Outlined for Games  
This Month and for Next  
Month

The Brainerd baseball club is working energetically to map out a schedule of playing dates and for May 30, 31 and June 1 expects to play a series of games with Cloquet. This town to the east of Brainerd has a reputation for having one of the best teams in their section of the country.

On June 8 Brainerd expects to play Staples here. On June 21 Deerwood will be played at Deerwood and on June 22 Crosby at Crosby.

Pitcher Cook has been in communication with Frank Larson, also known as our old friend Murphy, and he may leave the Grand Forks Northern Minnesota league and return to St. Paul and play again with Brainerd.

The trouble at the present time is that Brainerd is really short of men on its playing roster. More material is needed.

### CHARMING LAKE RESORT

Hotel Emily on Lake Emily is a Mecca for Those Who Desire Fishing and Recreation

Hotel Emily is charmingly located on Lake Emily about 26 miles from Pine River, Jenkins and Pequot and about 35 miles north of Brainerd. The roads are in good condition and it is a pleasure to run an auto over the broad sweeps of country. G. F. Rhodes is the proprietor of the hotel and his wife is famed as a good cook.

In addition to being a summer resort, this location is also the center of a newly developing mining region. R. J. Whiteside, of Duluth, has two drills near by exploring the land and another drill was added by other parties this week.

The hotel maintains an auto livery and when notified meets guests at Pine River, Jenkins or Pequot, stations on the M. & I. railway. If you wish to get close to Mother Nature, then Lake Emily is the place.

### PINE KNOLL

Oscar Hanson called at Terry's on Monday.

Father Tarbariaux of Aitkin, was a visitor at the Frantz home Wednesday.

James Terry made a brief visit at the Warriner home one day last week.

Mrs. J. S. Welton spent a few days in Aitkin last week.

Oscar Harrison purchased a fine driving horse last week and has now a nice team. All the girls are saying, "Gee, I wish he was single."

Frank Keim and Mrs. Stike transacted business in Aitkin Friday.

Wm. Cline, of Blind Lake, was seen on the streets of Pine Knoll Wednesday.

Bert Rhodes called on Keim's one day last week.

Earl and Webster Welton and James Terry attended the masquerade at Joe Harrison's Saturday night. They reported a fine time.

KIDDO.

## DAYTON WANTS NEW CHARTER

Commission Form of Government  
Wanted by the Ohio  
City

### NECESSITY MADE THE DEMAND

This Popular Form of Government  
Was First Tried in Flooded City  
of Galveston, Texas

The following news item shows better than any other evidence the grip the commission form of government is getting upon the cities of the country. The city of Dayton wants to discard its present form of government and adopt something more practical for the reconstruction. The commission form was first inaugurated when Galveston, Texas was flooded and wanted a business management for reconstruction. The item is as follows:

"At a special election here today a charter commission was elected to write a new city charter calling for a commission form of government. The 15 men chosen to write the charter were nominated by a non partisan citizens' committee. They were opposed by 15 democrats.

Twenty thousand votes were cast, nearly as many as were polled at the presidential election last fall."

### PROGRAM AT CHURCH

Willing Helpers Society to be Entertained by the Misses Palm and Edna Torkelson

The Willing Helpers society of the Swedish Baptist church will be entertained this Wednesday evening at the Swedish Baptist church by the Misses Hildur Palm and Edna Torkelson. The program follows:

1. Bible reading and prayer by Rev. Karl Lundin.
2. Duet by Miss Anna Mickelson and Miss Georgia Sherlund.
3. Recitation by Mrs. A. F. Sorenson.
4. Reading by Alger Thon.
5. Duet by Mrs. Karl Lundin and Miss Eva Torkelson.
6. Address by Rev. Karl Lundin.

Gleaned From Our Bright Exchanges and Boiled Down for the Benefit of Dispatch Readers

The Litchfield flour mill burned with a loss of \$18,000.

Park Rapids wants the new normal school located in that village.

The plans for Moorhead's new public building have been received by Postmaster Meeker.

The old settlers of Stearns county will meet in annual session at St. Cloud on June 3d.

Walkerites want a road that can be used to and from the county seat to other parts of the county.

The Modern Woodmen of the first district in session at Rochester voted to secede from the parent order.

The Crookston council refused to grant cigarette licenses to its dealers. Evidently they do not need the money.

Paul Zaro, a traveling salesman for a Chicago tailoring firm, suicided by shooting at the Adams hospital, at Hibbing.

Over a million pounds of parcel post packages have passed through the Minneapolis postoffice in two months.

Covering a period of 23 years the fire losses in St. Cloud have been \$643,608 according to a report by the city fire marshal.

On August 1 Beltrami county will receive \$4,000 from the state to reimburse the treasury for funds expended in the trial of Dr. Dumas.

Pike fry has been in such great demand that the supposed plentiful supply is liable to be exhausted before the state fish hatchery gets all round with its orders.

An Indian policeman from the Net Lake reservation painted Virginia a brilliant red and landed in the city jail just as he was putting on the fishing touches.

Sauk Center's water supply is not satisfactory, especially as to quality, and an effort will be made to improve it by digging wells with a view of utilizing the water that will filter through from Sauk lake.

A fake solicitor for the Curtis Publishing company is in this section of the country and the authorities have been notified. Before you transact any business with a clubbing agent see that he has the proper credentials.

Negro labor has been introduced on the Mesaba range by the Great Northern railroad at Kelly lane and the white laborers are said to be ready to go out on a strike as soon as the negroes are put to work. It is rumored that the stripping contractors will shortly bring between 500 and 1,000 negroes from the south to work in the mines in the Hibbing district.

The man who operates the tower at Sherwood directing traffic on the D. M. & N. railway became intoxicated and tied up the road for three hours, or until the sheriff could be notified and the man placed under arrest. The man's duties was to direct the signals giving the trains the right of tracks in three different directions, and for fear he would direct each train in all directions at once they all refused to move.

### HOOK AND LADDER MEETING

Officers Elected for 1913 and Delegates Elected to Attend the Annual Convention

The regular meeting of Brainerd Hook and Ladder Co. No. 1 was held last evening at the rooms of the Brainerd fire department in Central house. Roll call showed but three members absent. Routine business was transacted and the adoption of a new set of by-laws was taken up, the same being read section by section and as corrections were made the same were accepted, ordered spread on the minute book and fifty copies printed. One new member was elected to fill a vacancy caused by the death of Robert Cromwell some time ago. The new officers elected for the ensuing year were:

Foreman—Jule Deering.  
1st Asst. Foreman—Wm. Turcotte.  
2d Asst. Foreman—Wm. Lyonals.  
Treasurer—Frank G. Hall

The delegates elected to represent the company at the annual state fireman's convention which meets at Thief River Falls in June were C. H. Paine and Ray H. Paine, the alternates being A. L. Hoffman and Wm. Lyonals.

### CLASS DAY PROGRAM

Of Seniors is Postponed from this Evening to Wednesday, May 28—An Excellent Program

The senior class day program, which was to have been given this evening, has been postponed a week to Wednesday evening, May 28, at which time everybody is invited. No admission will be charged.

An excellent program has been prepared.

### Baker-Giles

At 10:30 this morning occurred the wedding of Walter Alvin Baker and Miss Marie Elidabeth Giles at the parsonage of St. Francis Catholic church, Rev. Father J. J. O'Mahoney performing the ceremony in the presence of relatives and friends of the couple.

The bride was attired in blue tulle or made traveling suit and carried a bouquet of white roses. She wore a large white picture hat. The bridesmaid was Miss Cecil Bislar, who was dressed in a suit of blue and carried a bouquet of flowers. The best man was Floyd Blake.

After the ceremony a wedding dinner was served at the home of the bride, 1108 East Norwood street. The happy couple received many pretty presents, many of them of the most valuable kind. They left on the afternoon train for an extended wedding tour to Minneapolis, Chicago, Kansas City and Denver.

The bridegroom's parents live in Kankakee, Ill. He has made his home in Brainerd for a year past and is employed as a machinist at the Northern Pacific railway shops where he is well liked by his employers and associates. The bride is the daughter of Mrs. Carrie E. Giles and was a valued clerk at the store of Mrs. L. M. Koop. She has a large circle of friends. Mr. and Mrs. Baker will be at home after June 1 at the Mahlum block.

The Dispatch joins their many friends in wishing them much happiness and prosperity.

### Resolution of Sympathy

Whereas the grim reaper, Death, has entered the sacred precincts of the home of Sister Tillie Warren and taken her beloved daughter Eleanor.

Resolved, that in her death she has lost one of the most beloved members of her family. To her and family we extend our sincere sympathy and commend them to the care and protection of the Father who knoweth and doeth all things for the best.

That a copy of resolutions be sent to the bereaved sister, a copy be published in the Dispatch and a copy be spread on the minutes of Florence Rebekah Lodge, No. 111.

ELSIE H. SNELL,  
HENRIETTA FOX,  
ELIZABETH EASTMAN,  
Committee.

A man living at Auburn, New York had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. H. P. Dunn, druggist.—Advrt. mwf

### HOME TALENT PLAY

Emily People to Present "Topsy Turvy" at the Pine River Opera House Monday

Emily is coming to the notice of the rest of Crow Wing county by the histrionic ability displayed by some of its towns people. On Monday evening, May 26, the comedy, "Topsy Turvy" will be presented at the Pine River opera house. Many Emily residents will go to Pine River to see the play. The chief characters are:

The Deacon—G. F. Rhodes  
Topsy Turvy—Miss Carol Vernick  
May Golden—Mrs. Mary Stilwell  
Frank, her cousin—Harold Worsley  
Mrs. Claredon—Mrs. L. Brannan  
Ned—Walter Atwater  
Lord Claredon—James Craig  
Miss Spriggs—Mrs. Jennie Brown  
There are three acts all replete with roaring comedy and the interest of the audience will be sustained to the grand climax at the end.

## MODERN WOODMEN OF BRAINERD

### MATTER OF GREAT IMPORTANCE

To Upwards of Four Hundred Members of This City

Esteemed Neighbor: You carry a certificate of insurance in the M. W. A.—is this certificate of any value to you—or are you making the payments on it "just for fun?"

At our next meeting, Friday evening, May 23rd, at I. O. of O. F. hall the question will be discussed "shall we vote in favor of a new state organization or remain with the national organization for the present."

A convention of the members of the sixth congressional district will be held at Little Falls on June 2nd to settle the question. We must elect delegates to attend that convention and instruct those delegates as to our wishes in the matter.

Now, are the four hundred members of Brainerd Camp going to leave a question of such great importance as this to be settled by the regular attendance of fifteen members or are they going to have a voice in their own affairs.

Come Neighbor, turn out to our next meeting, discuss this question in full, then cast your vote to protect your own life insurance.

Per order of Com.,  
A. L. HOFFMAN, Ch.  
Advt.—12

### AITKIN DISTRICT COURT

May Term Opens With Judge Wright Presiding—41 Cases on the Civil Calendar

The May term of the district court opened Tuesday, May 20, at Aitkin and promises to be of considerable interest. Judge B. F. Wright, of Park Rapids, will preside and some noted attorneys of the state will attend, among whom will be Stan Donnelly of St. Paul. There are 41 cases on the civil calendar.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted. L. Poole, 2217 California St., Omaha, writes: "My daughter had a very severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time." Refuse substitutes. H. P. Dunn, druggist.—Advrt. mwf

### Folk Dances and Concert

Olav Thorhaug, the world-renowned folk-dancer. World's record for Halling-kast, 9 feet high, and Nils Borge, violin player (8 string violin) winner of first premium in Bergen, when only 18 years old. Come out and see the world's greatest performing of Folk-dances. Friday evening, May 23d, at Citizens State bank hall.—Advrt. 1t

### ROGER LAKE BRIEFS

A fast game of ball was played Sunday between Ross Lake and Mud Brook, the score being 6 to 9 in favor of the Mud Brook side.

Mrs. F. Stucke took seriously ill Saturday afternoon but is much better now.

The masquerade dance given in the Mud Brook hall was well attended. All seemed to enjoy themselves.

Miss Lydia Stucke spent Tuesday night with Miss Edith Caird.

Frank Richter is on the sick list. The Robinson family of Fairfield spent Sunday at Mud Brook.

Gill Harrison called on business at the Richter saw mill Monday.

"SLIM."  
Foley Kidney Pills repay your confidence in their healing and curative qualities. Any kidney or bladder disease not beyond the reach of medicine will yield to their use. Mrs. Cordelia Copeland, Ardenla, Mo., says, "I had kidney and bladder trouble for over a year and 5 bottles of Foley Kidney Pills cured me." It is the same story from every one who uses them. All say, "they cured me." H. P. Dunn, druggist.—Advrt. mwf

AS THE WARMER DAYS COME YOU WILL FEEL the need of a light weight coat to wear over your lighter dresses.

Our assortment of these garments is very good and we can show you the very best styles for the purpose.

## ELECTRICITY AS A FUTURE FOOD

Surprising Results of Experiments in France.

BODILY ENERGY IS SAVED.

Scientist Demonstrates, in a Measure, That Eating is Not Necessary to Life. Patients Show Great Improvement Under "Diathermy"—Diseases Due to Malnutrition May Be Banished.

To speak of using electricity as a food may seem most absurd at the present time, but experiments recently conducted in France indicate that such is a possibility of the future.

For a long time scientists have been looking for a cure which will do away with some of the multiple ailments of the human body and have been universally of the opinion that if food could be in a more condensed form it would be absorbed with less fatigue and discomfort. The principle of electricity acting as a food value is that it adds to the heat energy of the stomach so that much less food has to be taken into the body.

### Currents Applied to Body.

His method is called "diathermy," and he applies frequent currents to the human body, so that, instead of heat having to be produced from food materials which need to be consumed and burned in the system and thus give rise to much overwork of the organs, the artificial method produces the same heat at much less injurious cost to the general condition of health.

These electric currents, he says, pass through the body without the least feeling. The current is of two or three amperes strength and voltage of 1,000 to 2,500 volts an hour, and this amount of electricity equals one-third of the daily food value which should be consumed by one person.

He applied the first test to a man who was in bad physical condition. The patient at the time was eating too much animal food, but was unable to work, was sensitive to heat and cold and could not walk three feet without aid. His height was five feet ten inches, and he weighed 110 pounds.

After a series of treatments he began to improve rapidly and in a short time gained thirty pounds, was able to walk for hours without much weariness and had, in fact, regained all of his normal vigor.

Persons who also made many other similar tests and finds that the results are universally good and that as soon as the amount of food taken into the system is reduced and the current of electricity substituted the improvement is immediate.

He considers that the time will come when all ailments due to insufficient nutrition and malnutrition will disappear under a series of electric treatments of high frequency currents.

### Electricity For Plants.

Another example of the strange uses to which experts are putting electricity is the method of growing plants by indoor electrical apparatus. This device costs but a small sum to build and can be operated in any room which is lighted by electricity.

It consists of two small coils of wire connected to a lighting circuit and also to another coil of larger wire which surrounds the wooden frame in which the plants are to be kept.

Within this frame are mounted several shelves, upon which are placed boxes holding the seeds and plants to be forced. Then, when the current is turned on, the space inside is silently agitated by the electrical discharge of high frequency.

This action causes the seed and plant to grow with great rapidity and to reach a size larger than ordinary. The treatments are given several times a day and last about half an hour time.

### WHIRL OF THE TORNADO.

Beside the Rush of the Cyclone is Comparatively Harmless.

An uphull fight for accurate English is being waged year after year by scientific authorities on the weather who object to having the tornadoes which rip through towns now and then or carry away isolated farmhouses, called "cyclones." The distinction made by the experts in meteorology is plain, but the public is wedded to the "cyclone."

The word has gained wide acceptance in describing the furious local storms which rush forward along a more or less direct path while they whirl with far greater velocity on a center which may be only a few feet in diameter. If a boy's top is spun on one end of a board and the board is tilted so that the top slides quickly about it, all the while revolving at high speed on its point, the onward

sweep of the tornado is closely imitated. It is the spinning motion which is swiftest and most destructive. The advance of the storm may not be as rapid as that of many a comparatively harmless gale. The twisting motion is estimated at not less than 200 miles an hour in the worst tornadoes.

The true cyclone of the West Indies, the China sea and other parts of the tropics is entirely different. Its force is spent in a furious wind that seems to blow almost straight ahead, while the storm revolves, more or less fully, around a circle the circumference of which may be many hundred miles. A tornado wrecks its fury on a strip of land usually only a mile or less in width. The cyclone sweeps scores or hundreds of miles of sea or shore.

But "cyclone" is entrenched in popular usage as the name of the typical "twister" of this country, and "tornado" has a poor chance.—Cleveland Leader.

### THE PRISONERS' CIPHER.

A Puzzling Code That Was Discovered Only by Accident.

Prisoners in jails are generally very ingenious, so much so, in fact, that it has been frequently remarked that if their skill and ingenuity were turned to honest purposes they would thrive much better than as criminals.

One branch of ingenuity is displayed in the plans they make to communicate with one another. They construct cipher codes, but the officials generally manage to translate them.

Recently in a western jail the guards encountered a cipher that proved too hard for them, and it was a good while before the puzzling messages were made out, and then the key was accidentally discovered. A man in for forgery, as smart a rogue as ever was behind the bars, invented the puzzle.

The writing was on long, narrow strips of paper, on the edge of which were letters and parts of letters that apparently had no connection and from which no words could be formed.

One day a deputy who was passing the cell of a prisoner saw him passing a long strip of paper around an octagon lead pencil. He took this paper away, and on it were the mysterious scrawls that had worried the keepers.

But the deputy got an idea from this, and, going back to the office, he wrapped the strip around an octagon shaped lead pencil and after several trials adjusted it so that the parts of letters fitted together and made a sentence, though the writing was very fine.

The writer had adopted the simple ingenious plan of covering the lead pencil with the paper and had then written along one of the flat sides. On unrolling it the writing was as mysterious as a cryptogram, but when put around the pencil, as it was originally, it could be easily understood.—Dallas News.

### 'Almost the Speed Limit.

"No man is a coward to himself," said the war veteran oratorically.

"At Chattanooga one of the men in my company left early in the action, and no one saw him till after the battle, when he appeared in camp unwounded and unharmed. Some of the boys accused him of running away, but he wouldn't admit it.

"I only retreated in good order," he declared.

"I heard of the matter, and a few days later I asked him if he had any idea how fast he had 'retreated'."

"Well, I'll tell you, cap'n," he said, "if I'd been at home and going after the doctor folks that see me passin' would have thought my wife was right sick!"—Youth's Companion.

### IF WOMEN ONLY KNEW

What a Heap of Happiness it Would Bring to Brainerd Homes

Hard to do housework with an aching back.

Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains often come from weak kidneys,

"Would save much needless woe."

Doan's Kidney Pills are for weak kidneys.

Many residents of this vicinity endorse them.

Mrs. Hattie Wandrie, Crosby, Minn., says: "For the past two or three years I suffered a great deal from pains through the small of my back and sides. I was also subject to headaches and my whole system seemed to be disordered. The kidney secretions were irregular in passage and caused me much annoyance. I finally procured a supply of Doan's Kidney Pills and in a short time after beginning to use them, I felt better in every way. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
